Julie,
After review from my staff, they are pleased with the information you provided and do not see an issue with this vendor. The technical aspects (disaster recovery, security etc.) are very robust. The file upload requirements seem relatively 'do-able'.

Please proceed as necessary.

Hello Julie -

Thank you for your email. Here is the information you requested.

The Security Information folder has a number of documents that review our security measures, and our technical specifications. Please have your IT team focus on the "LaborSoft Security Plan" within the folder.

Please let me know if there is anything else I can do to help you with your report.

Best Regards,

Judd Lowe | LaborSoft
