ADVISORY BOARD ITEM 4.B.

INFORMATION ONLY

SUBJECT:

Neighborhood Officer Program 4th Quarter Report for FY 2017 - 2018

SUMMARY:

The CRA funded Neighborhood Officer Program (NOP) has submitted their Unit Activity Report for the fourth quarter (July 1st - September 30th) of Fiscal Year 2017-2018 along with the Heart of Boynton (HOB) Crime Stats for the same time period (see Attachments I and II). The report is required as per the terms of the Interlocal Agreement between the CRA and the City of Boynton Beach dated January 20, 2017 (see Attachment III). The Fiscal Year 2017-2018 NOP Budget is provided as Attachment IV.

FISCAL IMPACT:

FY 2017- 2018 Budget, Project Fund - Line Item 02-58500-460 - \$372,000 (see Attachment IV).

CRA PLAN/PROJECT/PROGRAM:

2016 Boynton Beach Community Redevelopment Plan, Heart of Boynton District (pages 105-118)

CRA BOARD OPTIONS:

No action required at this time unless otherwise determined by the Board

ATTACHMENTS:

Description

COMMUNITY REDEVELOPMENT AGENCY

BACKGROUND

The Boynton Beach City Commission established its Community Redevelopment Agency (CRA) in August, 1981, in accordance with guidelines of State Statute Chapter 163 Part III.

The Boynton Beach CRA is funded through Tax Increment Financing (TIF). TIF utilizes the increases in tax revenue generated as a result of increases in property values within CRA District boundaries for development efforts without raising taxes.

Authorities of the CRA are contained in Section 163.370, Florida Statutes. Redevelopment activities include, but are not limited to:

- Adopt a community redevelopment plan or plans that outline projects and programs that will be undertaken by the CRA;
- Secure finances to further redevelopment efforts and projects;
- Acquire and hold property in the redevelopment district;
- Demolish buildings;
- Dispose of property;
- Installation, construction, improvement and repair of streets, utilities, parks, infrastructure in accordance with the community redevelopment plan(s);
- Create and implement development incentive strategies and other unique public-private partnerships to stimulate redevelopment activity within the CRA district facade and residential improvement grants;
- Market the CRA;

- Implement community policing innovations;
- Solicit proposals for redevelopment and enter into contracts; AND
- Appropriate funds and make expenditures as necessary to carry out the purpose of the Community Redevelopment Act of 1969.

NEIGHBORHOOD OFFICER PROGRAM

PROGRAM OUTLINE

Community policing definitions typically focus on three components that characterize many programs: some level of community involvement and consultation; decentralization, often increasing discretion to line-level officers; and problem solving. Because community policing is focused on close collaboration with the community and addressing community problems, it has often been seen as an effective way to increase citizen satisfaction and enhance the legitimacy of the police and the evidence is supportive in this regard.

A major goal of this proposed neighborhood officer program is to cultivate high levels of mutual trust, understanding and respect between police the residents of the neighborhoods they patrol. In order to achieve this, it is necessary that these stakeholders develop relationships which transformed the confines of ordinary community policing activities and instead focuses upon building sustainable problem solving partnerships.

Additionally, the building of problem solving partnerships and substantive relationships with invested members of the community will lead to a greater understanding of some of the challenge members of the public face and help the police department garner unique insights which might aid in addressing these challenges. This program helps effectively integrate police personnel into the fabric of our community.

Reducing crime and disorder and improving the quality of life within historically plighted neighborhood requires the development of these types of productive and meaningful relationship between citizens and representatives of their local government.

As the most visible and accessible municipal agency, police personnel are uniquely postured to serve as a catalyst to an array of city services, community resources and organizations which can aid those in need as they work to better their circumstances and work in concert with other stakeholders to confront the challenges they identify within the community.

PROGRAM GOALS AND SCOPE

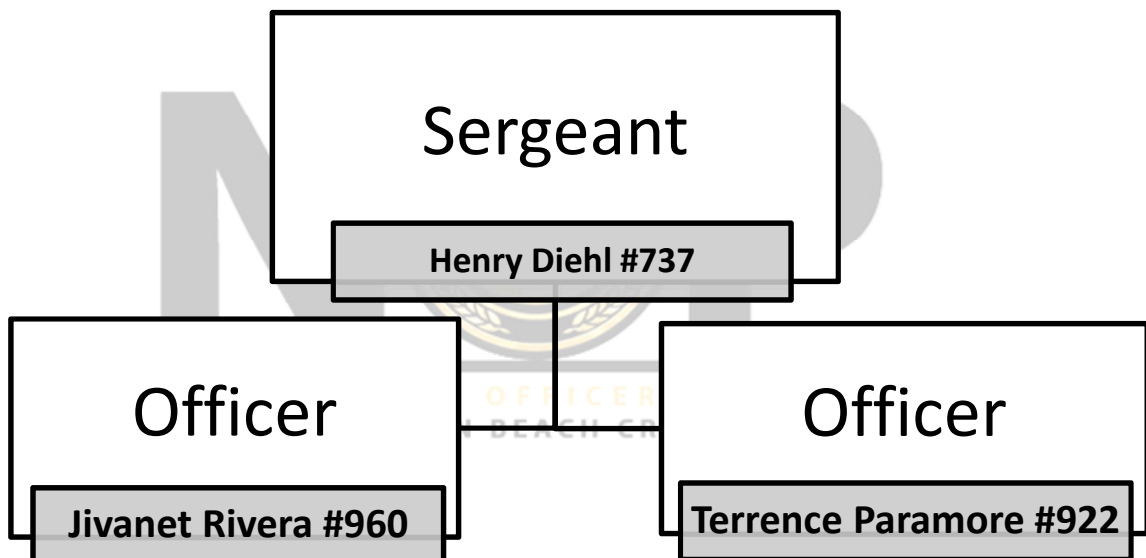

The scope of this quarterly report is to fulfill the Program requirements set forth in the Inter-Local Agreement (ILA) between the City of Boynton Beach and the Boynton Beach Community Redevelopment Agency (CRA); whereas the CRA shall be provided a written report outlining the following:

- Hours worked by the Program Officer;
- Name, rank and badge number of Program officers who have worked the Program during the reporting period;
- Activities undertaken to achieve the goals of the Program; and
- Crime statistics for the reporting period.

The Boynton Beach Police Department shall make all necessary efforts to achieve the aforementioned Program Goals.

ESSENTIAL PROGRAM CRITERIA

Neighborhood Officer Program Organizational Chart during Rating Period

Neighborhood Officer Program Hours Worked during Rating Period

The following Program Officers' scheduling was gleaned from the Boynton Beach Police Department electronic database that monitors staffing needs; entitled KRONOS® – TeleStaff.

Heart of Boynton Criminal Statistics for Rating Period

The following criminal statistics was gleaned from the Boynton Beach Police Department Records Management System (RMS); entitled Acuity/QED - *Web/Partner™*.

APPENDIX A

Neighborhood Officer Program S.M.A.R.T. Goals

When setting goals, it is very important to remember that the goals must be consistent with the mission statement of both the Boynton Beach Community Redevelopment Agency (CRA) and the Boynton Beach Police Department. As part of the essential criteria for the Neighborhood Officer Program is to create a **Specific, Measurable, Attainable, Realistic, and Timely** goal that the program wants to accomplish. The purpose of distributing CSI – SmartWater™ is to reduce burglaries and associated thefts, while simultaneously distracting trespassers and vandals from committing crimes.

During this quarter, the Neighborhood Officer Program collaborated with the Boynton Beach Police Department's Crime Prevention Unit to provide CSI – SmartWater™ to the residents and business owners of the Heart of Boynton. The distribution of FREE CSI – SmartWater™ Forensic Coding System/Packets was provided at community meetings and displayed at the Neighborhood Officer Program Office.

Our S.M.A.R.T. goal was to **normalize** CSI – SmartWater™ presence in the Heart of Boynton in the 4th Quarter of Fiscal Year 2017/18.

We successfully provided **8** FREE CSI – SmartWater™ Forensic Coding Packets to residents in the community – This is a decrease of **2** in comparison of last quarter. The decrease is contributed on the lack of full-time office.

Neighborhood Officer Program Expenditures

The Neighborhood Officer Program utilized the following expenditures during this quarter:

Other than salary and benefits for the officers assigned to the Neighborhood Officer Program; no known expenditures were made during this rating period.

The above was gleaned from the Boynton Beach Community Redevelopment Agency (CRA) – Office of Budget and Finance.

Neighborhood Officer Program Activity Log

We continued our partnerships with our other community stakeholders – Heart of Boynton Association, Habitat for Humanity, Cub Scout – Pack #243, Boynton Beach Pathways to Prosperity, the Boynton Beach Coalition of Clergy and the Boynton Beach Community Redevelopment Agency (CRA).

July 2018

July 1st – Sergeant Diehl assisted “**Boynton Cares**” by conducting an extra patrol/presence at **Intracoastal Park** – located at 2240 N. Federal Highway; during their park clean-up efforts. I made contact with **Kevin Homer** and **Mayor Steven Grant**; during the clean-up efforts – reference our case 18-034049.

July 2nd – Sergeant Diehl logged in and monitored the **Speed Measurement Trailer #1** as it monitored southbound traffic in the 1300 N. Seacrest Blvd., Boynton Beach, FL.

July 2nd – Sergeant Diehl conducted two (2) separate extra patrols of the **Avirom Survey Crew** located at **Sara Sims Park** – our attendance was requested by **CRA Executive Director Mike Simon** and **Police Administration** – during this extra patrol several community interactions.

**INTERLOCAL AGREEMENT BETWEEN THE CITY OF BOYNTON BEACH
AND THE BOYNTON BEACH COMMUNITY REDEVELOPMENT AGENCY
FOR THE FUNDING OF THE NEIGHBORHOOD SUSTAINABILITY
COMMUNITY STANDARDS OUTREACH COORDINATOR**

THIS AGREEMENT is made this 20 day of Jan, 2017 by and between the CITY OF BOYNTON BEACH, a Florida Municipal Corporation, ("City"), and the BOYNTON BEACH COMMUNITY REDEVELOPMENT AGENCY, ("CRA") (individually and collectively, the "Party" or "Parties").

WITNESSETH:

WHEREAS, the CRA's Neighborhood Sustainability, Community Standards Program ("Program") is intended to improve the quality of life for area residents and to increase private investment within the Community Redevelopment Area ("Redevelopment Area") by ensuring customers receive a high level of service, customer accessibility, timely communications, effective outreach, education and problem resolution with the goal of strengthening the relationship with residents and business community and ensuring the highest level of customer satisfaction with respect to the provisions of the City and ordinances and policies, including those specific to the Redevelopment Area; and

WHEREAS, the goal of the CRA's Redevelopment Plan is the elimination of slum and blighted conditions in the Redevelopment Area is; and

WHEREAS, the Program has jurisdiction within the Redevelopment Area; and

WHEREAS, the City desires to provide the CRA with the management for the Program under the terms of the Program shown in Exhibit "A;" and

WHEREAS, the CRA Board finds that this Agreement, and the use of the CRA's funds to implement a portion of the Program that specifically serves the Redevelopment Area is consistent with the Community Redevelopment Plan and Florida Statutes; and

WHEREAS, due to the intended elimination of slum and blighted conditions, and the beneficial economic impact of the Program, the CRA and the City find that this funding agreement serves a municipal and public purpose, and is in the best interest of the health, safety, and welfare of the residents and business owners of the City, including those within the Redevelopment Area;

NOW, THEREFORE, in consideration of the mutual covenants and promises herein contained, the Parties hereby agree as follows:

- 1. Recitals.** The recitals set forth above are hereby incorporated herein.
- 2. Obligations of the CRA.** The CRA shall provide funding to the City in the maximum amount of One Hundred Thirty Four Thousand and 00/100 Dollars (\$134,000.00), for the Program to be used for reimbursement of the costs associated with employing and equipping one Community Standards Outreach Coordinator specifically dedicated to the Redevelopment Area ("Coordinator"), as further described in Exhibit "A." Upon receipt of a complete, written request from the City, the CRA shall make payments to the City on a quarterly basis for the reimbursement of direct expenses related to the Coordinator. In order to be deemed complete, the written request from the City for payment must include all payroll and program documentation, a copy of the Coordinator's work schedule, and copies of receipts indicating the amount and the purpose for the payment for which the City is seeking reimbursement. The CRA shall remit payment to the City within thirty (30) days of receipt of a complete request from the City.
- 3. Obligations of the City.** On a quarterly basis, the City shall provide a report to the CRA regarding the Program as it was implemented within the Redevelopment Area for that quarter. The report shall detail the activities of the Coordinator for that quarter and all other information Exhibit "A" states will be contained the quarterly report.

4. The City shall indemnify, save, and hold harmless the CRA, its agents, and its employees from any liability, claim, demand, suit, loss, cost, expense or damage which may be asserted, claimed, or recovered against or from the CRA, its agents, or its employees, by reason of any property damages or personal injury, including death, sustained by any person whomsoever, which damage is incidental to, occurs as a result of, arises out of, or is otherwise related to the negligent or wrongful conduct or the faulty equipment (including equipment installation and removal) of the Coordinator or the Program. Nothing in this Agreement shall be deemed to affect the rights, privileges, and sovereign immunities of the CRA as set forth in Section 768.28, Florida Statutes. This paragraph shall not be construed to require the City to indemnify the CRA for its own negligence, or intentional acts of the CRA, its agents or employees. Each party assumes the risk of personal injury and property damage attributable to the acts or omissions of that party and its officers, employees and agents.

5. **Term of the Agreement.** This Agreement shall become valid and commence upon execution by the last Party to this Agreement, and shall terminate on September 30, 2017 ("Termination Date"). The CRA shall not be required to reimburse the City for any requests submitted after the Termination Date. The term of the Agreement may be extended one time and may only be extended upon approval by the CRA Board and upon the appropriation of CRA funds for this Agreement in the subsequent fiscal year's budget . Such extension is only effective upon the execution of a written amendment signed by both Parties. Nothing in this paragraph shall be construed so as to affect a Party's right to terminate this Agreement in accordance with other provisions in this Agreement.

6. **Records.** The City and the CRA each shall maintain their own records and documents associated with this Agreement in accordance with the requirements set forth in Chapter 119, Florida Statutes. All such records shall be adequate to justify all charges, expenses, and costs incurred in accordance with generally accepted accounting principles. Each Party shall have access to the other Party's books, records and documents as required in this Agreement for the purpose of inspection or audit during normal business hours during the term of this Agreement and at least 1 year after the termination of the Agreement.

7. **Filing.** The City shall file this Interlocal Agreement pursuant to the requirements of Section 163.01(11) of the Florida Statutes

8. **Default.** If either Party defaults by failing to perform or observe any of the material terms and conditions of this Agreement for a period of ten (10) calendar days after receipt of written notice of such default from the other Party, the Party giving notice of default may terminate this Agreement through written notice to the other Party, and may be entitled, but is not required, to seek specific performance of this Agreement on an expedited basis, as the performance of the material terms and conditions contained herein relate to the health, safety, and welfare of the residents of the City and Redevelopment Area. . Failure of any Party to exercise its right in the event of any default by the other Party shall not constitute a waiver of such rights. No Party shall be deemed to have waived any rights related to the other Party's failure to perform unless such waiver is in writing and signed by both Parties. Such waiver shall be limited to the terms specifically contained therein. This section shall be without prejudice to the rights of any Party to seek a legal remedy for any breach of the other Party as may be available to it in law or equity.

9. **No Third Party Beneficiaries.** Nothing in this Agreement shall be deemed to create any rights in any third parties that are not signatories to this Agreement.

10. **Compliance with Laws.** The City and the CRA shall comply with all statutes, laws, ordinances, rules, regulations and lawful orders of the United States of America, State of Florida and of any other public authority which may be applicable.

11. **Entire Agreement.** This Agreement represents the entire and sole agreement and understanding between the Parties concerning the subject matter expressed herein. No terms herein may be altered, except in writing and then only if signed by all the Parties hereto. All prior and contemporaneous agreements, understandings, communications, conditions or representations, of any kind or nature, oral or written, concerning the subject matter expressed herein, are merged into this Agreement and the terms of this Agreement supersede all such other agreements. No extraneous information may be used to alter the terms of this Agreement.

12. **Severability.** If any part of this Agreement is found invalid or unenforceable by any court, such invalidity or unenforceability shall not affect the other parts of the Agreement if the rights and obligations of the parties contained herein are not materially prejudiced and if the intentions of the parties can continue to be achieved. To that end, this Agreement is declared severable..

13. **Governing Law and Venue.** The validity, construction and effect of this Agreement shall be governed by the laws of the State of Florida. Any and all legal actions necessary to enforce the terms of this Agreement shall be conducted in the Fifteenth Judicial Circuit in and for Palm Beach County, Florida, or, if in federal court, in the United States District Court for the Southern District of Florida, to which the Parties expressly agree and submit.

14. **No Discrimination.** Parties shall not discriminate against any person on the basis of race, color, religion, ancestry, national origin, age, sex, marital status, sexual orientation or disability for any reason in its hiring or contracting practices associated with this Agreement.

15. **Notice.** Whenever either Party desires to give notice to the other, such notice must be in writing and sent by United States mail, return receipt requested, courier, evidenced by a delivery receipt, or by overnight express delivery service, evidenced by a delivery receipt, addressed to the Party for whom it is intended at the place last specified; and the place for giving of notice shall remain until it shall have been changed by written notice in compliance with the provisions of this paragraph. For the present, the Parties designate the following as the respective places for giving of notice.

CITY:	Lori LaVerriere, City Manager City of Boynton Beach 100 E. Boynton Beach Boulevard Boynton Beach, FL 33435
CRA:	Michael Simon, Interim Executive Director Boynton Beach CRA 710 N. Federal Highway Boynton Beach, Florida 33435
Copies To:	James A. Cherof Goren, Cherof, Doody & Ezrol, P.A. 3099 East Commercial Boulevard, Suite 200 Fort Lauderdale, Florida 33308 Tara Duhy, Esquire Lewis, Longman & Walker, P.A. 515 North Flagler Drive, Suite 1500 West Palm Beach, Florida 33401

16. **No Transfer.** The Parties shall not, in whole or in part, subcontract, assign, or otherwise transfer this Agreement or any rights, interests, or obligations hereunder to

any individual, group, agency, government, non-profit or for-profit corporation, or other entity without first obtaining the written consent of the other Party.

17. **Interpretation.** This Agreement shall not be construed more strictly against one Party than against the other merely by virtue of the fact that it may have been prepared by counsel for one of the Parties.

IN WITNESS WHEREOF, the City and the CRA hereto have executed this Agreement as of the date set forth above.

EXHIBIT A

BOYNTON BEACH COMMUNITY REDEVELOPMENT AGENCY NEIGHBORHOOD SUSTAINABILITY, COMMUNITY STANDARDS OUTREACH PROGRAM 2016-2017

Community Standard Outreach Program Defined

The Neighborhood Sustainability, Community Standards Program is designed to assist the public, including private residents and business owners, to ensure customers within the Community Redevelopment Area receive a high level of service, customer accessibility, timely communications, effective outreach, education and problem resolution with the goal of strengthening the relationship between the City of Boynton Beach Community Standards Department and residents and business community to ensure the highest level of education, outreach and satisfaction with respect to the provisions of the City of Boynton Beach code of ordinances and policies.

A major goal of the Neighborhood Sustainability, Community Standards Outreach Program is to cultivate high levels of mutual trust, understanding and respect between the CRA Community Standards Outreach Coordinator and the residents and business within the Community Redevelopment Area. In order to achieve this, it is necessary that the Community Standards Outreach Coordinator develop relationships which transcend the confines of ordinary community standards activities and instead focuses upon building sustainable problem solving partnerships.

Additionally, building problem solving partnerships and substantive relationships with invested members of the community will lead to a greater understanding of some of the challenges members of the public and businesses face and will help the Community Standards Outreach Coordinator garner unique insights which might aid in addressing these challenges. This program is designed to help effectively integrate the assigned Community Standards Outreach Coordinator into the fabric of the CRA community.

Reducing slum and blight and improving the quality of life within the Community Redevelopment Area requires the development of these types of productive and meaningful relationships between citizens and representatives of their local government.

Neighborhood Sustainability, Community Standards personnel are postured to serve as a catalyst to an array of CRA and City services, community resources and organizations which can aid those in need as they work to better their circumstances and work in concert with other community partners to confront the challenges they identify within the community.

Boynton Beach Community Redevelopment
"Neighborhood Sustainability, Community Standards Outreach Program"

The City of Boynton Beach Community Standards Department shall make all necessary efforts to achieve the following CRA Program Goals and Activities. The assigned CRA Community Standards Outreach Coordinator will, in addition to the Essential Function of the job description:

- Understand the CRA Redevelopment Plans and goals.
- Have a working knowledge of CRA grants and programs.
- Meet with the CRA Executive Director twice a month.
- Assist in establishing goals which are SMART (Specific, Measurable, Attainable, Realistic, & Timebound)
- Engage residents and business owners.
- Provide emphasis on responsible community code enforcement.
- Implement special initiatives to resolve neighborhood-specific solutions to comply with City Codes, State Laws, and Regulations.
- Provide CRA residents and businesses with solution-oriented issue resolutions.
- Assist with public education and violation prevention within the Community Redevelopment Area.
- Identify specific problems within the Community Redevelopment Area and help with the coordination of CRA resources and other City services to resolve violation issues.
- Work a minimum of 40 hours a week. Thirty of these hours will be spent in the community, building relationships, collecting information and providing resources and information to residents and business owners who seek to promote positive change within their neighborhood. Specific emphasis should be given to those actions which will contribute to the attainment of the goals established with Community Standards Program within the Community Redevelopment Area.

Further, the CRA and the City agree:

- Personnel assigned to this function will be furnished with equipment as specified in the budget for FY2016-2017, provided such equipment does not violate statutory designated expenditures.

- CRA staff shall be informed of the Neighborhood Sustainability, Community Standards Outreach Coordinator's hours on a regular basis.
- The CRA shall be provided with an organizational chart of the Community Standards department.
- The CRA shall be provided a quarterly written report outlining the following:
 - Hours worked by the CRA Community Standards Outreach Coordinator
 - Activities undertaken to achieve the goals of the Program
 - Relevant statistics for the reporting period.
- At the end of the fiscal year, the Community Standards Department shall provide a written report summarizing the goals achieved along with a statistical report and associated map. Included in the report shall be recommendations for Neighborhood Sustainability, Community Standards Program changes for the next fiscal year.
- Funding for the Neighborhood Sustainability, Community Standards Program shall be appropriated annually at the discretion of the CRA Board.
- The CRA Board approved funding for the Neighborhood Sustainability, Community Standards Program for Fiscal year 2016-17 shall be in the amount of \$134,000 as described in Attachment I to this Exhibit, which is hereby incorporated as if fully set forth herein.
- This document may be incorporated as an Exhibit to an Interlocal Agreement between the City and the CRA for the reimbursement of certain eligible and direct expenses incurred by the City associated with the Neighborhood Sustainability, Community Standards Program. The City shall invoice the CRA each quarter for direct program expenses while the Neighborhood Sustainability, Community Standards Program is operational, not to exceed the approved funding.
- While the CRA will provide funding to support this program, operational and supervisory control remains with the City's Community Standards Department.

ADVISORY BOARD ITEM 4.C.

INFORMATION ONLY

SUBJECT:

December 2018 Event Schedule

SUMMARY:

Boynton Beach Holiday Parade and Holiday Lighting - Saturday, December 1, 2018 at 6:00 p.m.

- The City of Boynton Beach will be hosting the annual holiday parade on Federal Highway on Saturday, December 1, 2018. Following the parade, at 6:00 p.m. there will be a holiday lighting of the Banyan trees at Dewey Park located at the northeast corner of the E. Ocean Avenue and SE 4th Street intersection. More event details to follow.

Rock the Plaza - Saturday, December 8, 2018 from 4:00 p.m. to 8:00 p.m.

- The *Rock the Plaza* event series will provide a spotlight on plazas located within the CRA District, while providing businesses with specific opportunities to promote their products and services to guests. The event will feature live music, cocktails, and food offerings from restaurants within the specific plazas. Businesses will be encouraged to set-up displays at their storefronts and offer some type of incentive (coupon, BOGO, gift with purchase, etc.) for event patrons.

This event would also serve as plaza activation to showcase available retail space within the various plazas. Retail space that is currently built out could potentially be utilized to showcase art work, craft vendors, pop-up market, or an engaging activity that would encourage event patrons to enter the designated space.

The first event will be held on Saturday, December 8, 2018 from 4:00 p.m. to 8:00 p.m. at the Sunshine Square Plaza located on the southwest corner of the Woolbright Road and US1/Federal Highway intersection. More event details to follow.

47th Annual Boynton Beach & Delray Beach Holiday Boat Parade - Friday, December 14, 2018 at 6:30 p.m.

- The parade starts at 6:30 p.m. and will travel south from the Lantana Road Bridge to the C-15 Canal in Delray Beach. The public can view the parade for free at various locations in Boynton Beach including: The Boynton Harbor Marina, Intracoastal Park, Magrove Park, and Jaycee Park.

The Boynton Harbor Marina will feature live music, children's activities, and a visit from Santa Claus. Event attendees are encouraged to bring a new, unwrapped toy to donate to Toys for Tots.

We are accepting applications for the Holiday Boat Parade - visit www.catchboynton.com to download the application.

FISCAL IMPACT:

Boynton Beach Holiday Parade and Holiday Lighting: Not to exceed \$20,000

Rock the Plaza: \$7,500

47th Annual Boynton Beach & Delray Beach Holiday Boat Parade: \$10,000

Lisa Tayar, Prototype, Inc.

ABSENT:

Linda Cross, Chair
Anthony Barber

1. Call to Order
The meeting was called to order at 6:35 p.m.

2. Roll Call

Roll was called, and it was determined a quorum was present.

3. Agenda Approval
 - A. Additions, Deletions, Corrections to the Agenda – None
 - B. Adoption of Agenda

Motion made duly made and seconded to adopt the agenda. In a voice vote, the motion passed unanimously (4-0).

4. Information Only
 - A. Financial Report Period Ending September 30, 2018 – None

5. Public Comment – None

6. Consent
 - A. Approval of CRA Advisory Board Meeting Minutes – September 6, 2018

Motion made by Mr. DeVoursney, seconded by Mr. Maharajh, to approve the minutes of the September 6, 2018 meeting. In a voice vote, the motion passed unanimously (4-0).

7. Assignments
 - A. Pending Assignments
 1. Consideration and Discussion of the Letter Submitted by the Community Caring Center Boynton Beach, Inc. (CCC) for their Property Located at 145 NE 4th Avenue, Boynton Beach, Florida – Tabled
 - B. Reports on Pending Assignments
 1. None
 - C. New Assignments from September 11, 2018 CRA Board Meeting
 1. None
8. CRA Board Items for CRA Advisory Board Review and Recommendations
 - A. Old Business
 1. Consideration of the FY 2018-19 Non-Profit Organization Grand Funding Program

Ms. Shutt gave a brief update. The CRA Board asked Staff to draft the program last year, this is the first year granting for non-profits for four categories. Two categories were funded last year for \$125,000: 1) Affordable Housing and 2) Economic Business Development. The first round for Pathway to Prosperity application did not get high-enough score. CRAAB recommended not be funded but CRA Board approved funding for \$13,000. That group has withdrawn their request and funds were returned to the Program to roll over. A second round of grants produced two qualified applicants:

- Habitat for Humanity, for four new units plus maintenance of existing affordable units
- Community Caring Center, \$57,000+ for Economic Development Culinary Incubator

New Budget Allocations are \$95,000 to be used this fiscal year; CRA Board wants CRAAB to make recommendations before sending processes to the Board.

This Board, at the August 2nd Budget Planning Meeting, recommended to the CRA Board that out of the grant allocated to this program, 80% should go to Affordable Housing. Grant is not to be used for personal development of finances, fixing credit, etc., but for Business Incubation only. Pathway to Prosperity marginally met the requirements. The need for those programs is great; however, the non-profits that do those types of businesses need to separate social services (not fundable) vs. Business Economic Development which is linked to job creation. The remaining 20% is for Economic Business Development category.

Three choices are:

- Recommend approval for \$76,000 (80%) to Affordable Housing and 20% to Economic Business Development;
- Not to approve; or
- Any alternative chosen upon discussion.

Mr. Maharajh suggested have the Director of Economic Development show what the pipeline looks like, where the funds are being disbursed, and what is lined up for next year. It was recommended to not vote at this time, as more exploration is needed. Ms. Shutt reminded the Board this is for non-profits, and does not fall under Economic Development Department. This is a CRA Program only.

Mr. DeVoursney clarified CCC is asking for \$750,000 for building to go towards construction, but wonders where the money is coming from. Mr. Simon noted that item is not for discussion and has been tabled, and that there most likely be a change to the proposal. Discussion followed on how the CRAAB recommendations to CRA this year will be a formula of percentages rather than first come first served as last year. Benchmarks, deliverables, and related criteria were also discussed. Ms. Shutt noted that the program is based on demonstrated capacity of a non-profit to leverage other funding sources and in-kind services.

Mr. Maharajh wondered if the funds can be used to purchase lots for Affordable Housing. Ms. Shutt said, no, acquisition is not permitted and cannot fund overhead for non-profit; it has to be direct program or project expenses.

Mr. Pollock wondered about the criteria. Ms. Shutt noted the application packet which includes forms and how they're used, followed by the grant agreement which explains milestones and specifics.

Motion made by Mr. Hendricks, seconded by Mr. DeVoursney, for approval of the grants at 80% for Affordable/Workforce Housing and 20% for Economic Business Development. In a voice vote, the motion passed unanimously (4-0).

B. New Business

1. Consideration of Purchase of a Portion of the Property Located at 1003 NE 3rd Street

Mr. Hendricks began a discussion re: possible conflict; Mr. Simon said that there is no conflict as to the right of way and there is no need to recuse. Tonight's question is whether or not to acquire the triangle piece to make a road.

Motion made by Mr. DeVoursney, seconded by Mr. Maharajh, to approve the acquisition of the roadway to come out to MLK Jr. Blvd. In a voice vote, the motion passed unanimously (4-0).

9. Future Agenda Items – None

10. Adjournment

Upon motion duly made and seconded, the meeting was adjourned at 6:59 p.m.

ADVISORY BOARD ITEM 6.B.

CONSENT

SUBJECT:

Approval of 2019 CRA Advisory Board Meeting Dates

SUMMARY:

CRA Advisory Board meetings are held on the first Thursday of every month at 6:30 p.m. at the Intracoastal Park Clubhouse located at 2240 N. Federal Highway, Boynton Beach, FL 33435. The following is a list of the 2019 CRA Advisory Board meeting dates:

- January 3
- February 7
- March 7
- April 4
- May 2
- June 6
- July 4**
- August 1
- September 5
- October 3
- November 7
- December 5

**Due to the 4th of July holiday, CRA staff is proposing Monday, July 1, 2019 at 6:30 p.m. as the alternative date and time.

FISCAL IMPACT:

None

CRAAB RECOMMENDATION:

1. Approve the 2019 CRA Advisory Board meeting dates and reschedule the July 4, 2019 meeting to Monday, July 1, 2019 at 6:30 p.m.
 2. Approve alternative dates and times after further discussion.
-

ADVISORY BOARD ITEM A.1.

PENDING ASSIGNMENTS

SUBJECT:

Consideration and Discussion of the Letter Submitted by the Community Caring Center Boynton Beach, Inc. (CCC), for their property located at 145 NE 4th Ave, Boynton Beach, Florida

SUMMARY:

As part of the redevelopment of the proposed Cottage District project, CRA staff has been working with Sherry Johnson, Executive Director of the Community Caring Center (CCC) over the past 5+/- years to formulate a mutually beneficial plan for the acquisition and relocation of the CCC. The CCC's existing property and operation is located within the CRA's Cottage District Project site area at 145 NE 4th Avenue and was appraised in July 2018 with a estimated market value of \$171,000 (see Attachment I).

While the community outreach functions of the CCC are well received, the nonresidential nature of the activities provided by the Center create a less than ideal situation for neighboring residential uses. This conflicting, quasi-commercial use has been identified by staff and development professionals, as an obstacle to consumer appeal as a future residential redevelopment project if not relocated.

Since June 2018, the CRA has received several variations of the CCC's desired funding structure and development summary along with cost breakdowns. At the July 10, 2018 CRA Board meeting, the Board assigned the CRA Advisory Board (CRAAB) the task of reviewing the proposal provided by Ms. Johnson on July 3, 2018 (see Attachment II). However, at the request of Ms. Johnson, the item was tabled at the August CRAAB meeting.

CRA staff received a revised request and project description from the CCC on October 19, 2018, outlining their request for funding and relocation to the three lots currently owned by the CRA and the City located at the NE corner of NE 9th Avenue and NE 3rd Street (see Attachment III.A&B). The request from the CCC would consist of the CRA funding a total amount of \$550,000, which breaks down as \$200,000 for the acquisition of the CCC owned property at 145 NE 4th Avenue and \$350,000 for relocation/development funding.

The revised proposal also describes the CCC's decision to construct a smaller 5,500 square foot building to house their current business incubator and commercial kitchen currently located on E. Boynton Beach Boulevard, as well as their need to occupy the 145 NE 4th Avenue property after the sale to the CRA until the new building is completed in approximately two years.

FISCAL IMPACT:

To be determined based on CRA board discussion and consideration.

CRA PLAN/PROJECT/PROGRAM:

2016 Boynton Beach Community Redevelopment Plan; Heart of Boynton District

CRA BOARD OPTIONS:

To be determined based on CRA Board discussion and consideration.

RE: Community Caring Center of Boynton Beach, 145 NE 4 Avenue, Boynton Beach, FL 33435
(Legal description is in the report.)

Ladies and Gentlemen:

In fulfillment of our agreement, we transmit our Appraisal Report, in which we develop an opinion of market value for the fee simple estate in the referenced real property as of July 16, 2018. The report sets forth our value conclusion, along with data and reasoning supporting our opinion.

This report was prepared for and our professional fee billed to Boynton Beach Community Redevelopment Agency. Our analyses have been prepared in conformance with the Uniform Standards of Professional Appraisal Practice (USPAP 2018-2019). This report is for possible acquisition of the appraised property.

Jesse B. Vance, Jr. and Claudia Vance visited the property. If you have questions or further needs, please contact the undersigned.

As a result of our analyses, we have developed the following opinion of the market value of the appraised property, subject to definitions, certifications, and limiting conditions set forth in the attached report.

ONE HUNDRED SEVENTY-ONE THOUSAND DOLLARS
\$171,000

(THIS LETTER MUST REMAIN ATTACHED TO THE REPORT WITH SEVENTY-ONE (71) NUMBERED PAGES PLUS ADDENDA FOR THE VALUE OPINION SET FORTH TO BE CONSIDERED VALID.)

Respectfully submitted,

2000 Population	12,806	69,365	156,123
2010 Population	13,125	78,255	173,509
2018 Population	14,721	85,903	188,637
2023 Population	15,781	91,738	199,776
2000-2010 Annual Rate	0.25%	1.21%	1.06%
2010-2018 Annual Rate	1.40%	1.14%	1.02%
2018-2023 Annual Rate	1.40%	1.32%	1.15%
2018 Male Population	49.0%	47.9%	47.9%
2018 Female Population	51.0%	52.1%	52.1%
2018 Median Age	43.2	43.6	46.5

In the identified area, the current year population is 188,637. In 2010, the Census count in the area was 173,509. The rate of change since 2010 was 1.02% annually. The five-year projection for the population in the area is 199,776 representing a change of 1.15% annually from 2018 to 2023. Currently, the population is 47.9% male and 52.1% female.

Median Age

The median age in this area is 43.2, compared to U.S. median age of 38.3.

Race and Ethnicity

2018 White Alone	39.9%	59.8%	65.1%
2018 Black Alone	53.8%	31.4%	25.5%
2018 American Indian/Alaska Native Alone	0.5%	0.3%	0.4%
2018 Asian Alone	0.9%	2.0%	2.2%
2018 Pacific Islander Alone	0.0%	0.0%	0.0%
2018 Other Race	2.6%	3.6%	4.0%
2018 Two or More Races	2.3%	2.8%	2.7%
2018 Hispanic Origin (Any Race)	11.5%	17.2%	18.3%

Persons of Hispanic origin represent 18.3% of the population in the identified area compared to 18.3% of the U.S. population. Persons of Hispanic Origin may be of any race. The Diversity Index, which measures the probability that two people from the same area will be from different race/ethnic groups, is 65.7 in the identified area, compared to 64.3 for the U.S. as a whole.

Households

2000 Households	4,950	30,172	68,292
2010 Households	5,150	33,357	74,509
2018 Total Households	5,820	36,589	80,526
2023 Total Households	6,265	39,132	85,225
2000-2010 Annual Rate	0.40%	1.01%	0.88%
2010-2018 Annual Rate	1.49%	1.13%	0.95%
2018-2023 Annual Rate	1.48%	1.35%	1.14%
2018 Average Household Size	2.50	2.32	2.32

The household count in this area has changed from 74,509 in 2010 to 80,526 in the current year, a change of 0.95% annually. The five-year projection of households is 85,225, a change of 1.14% annually from the current year total. Average household size is currently 2.32, compared to 2.30 in the year 2010. The number of families in the current year is 46,473 in the specified area.

Data Note: Income is expressed in current dollars

SUMMARY OF IMPORTANT FACTS AND CONCLUSIONS

PROPERTY APPRAISED:	Community Caring Center of Boynton Beach 145 Northeast 4 Avenue Boynton Beach, FL 33435
OWNERSHIP:	Community Caring Center of Boynton Beach, Inc. P O Box 100 Boynton Beach, FL 33425
LAND AREA:	7,500 square feet
IMPROVEMENTS:	Originally constructed as a two dwelling residential property, later remodeled to offices and food pantry, containing a total of 1,554 square feet of building area, constructed in 1955. Units formerly consisted of two bedrooms and one bathroom. Average unit size was 777 square feet.
ZONING:	“R-2”, Single and two-family residential district in the city of Boynton Beach
APPRAISAL PURPOSE:	To develop an opinion of market value
INTEREST APPRAISED:	Fee simple
CURRENT USE:	Offices and food pantry
HIGHEST AND BEST USE:	As vacant: Single residence or two dwelling residence As improved: Conversion back to two dwelling units

VALUE BY THE SALES COMPARISON APPROACH:

ONE HUNDRED SEVENTY-ONE THOUSAND DOLLARS
\$171,000

VALUATION DATE: **July 16, 2018**

Exposure Time: 6 months prior to selling at the appraised value

DESCRIPTIONS, ANALYSES, CONCLUSIONS

APPRAISAL REPORT

This is an APPRAISAL REPORT that complies with Standard Rule 2-2(a) of the Uniform Standards of Professional Appraisal Practice (USPAP 2018 - 2019)

2-2(a)(i) *State the identity of the client and any intended users, by name or type;*

The client and intended user of this report is the Boynton Beach Community Redevelopment Agency.

2-2(a)(ii) *State the intended use of the appraisal;*

The intended use of the appraisal is for possible acquisition of the appraised property. Any other use is not intended.

2-2(a)(iii) *Summarize information sufficient to identify the real involved in the appraisal, including the physical, legal and economic property characteristics relevant to the assignment;*

Owner: Community Caring Center of Boynton Beach, Inc.
P O Box 100
Boynton Beach, FL 33425

Property Address: 145 Northeast 4 Avenue
Boynton Beach, FL 33435

Legal Description: The south 75 feet of Lot 1, Block 3, SHEPARD
ADDITION OF BOYNTON, Plat Book 2, page
59, Palm Beach County, FL

Census Tract No. 61

APPRAISAL REPORT (continued)

2-2(a)(iii) *Summarize information sufficient to identify the real estate involved in the appraisal, including the physical, legal and economic characteristics relevant to the assignment; (continued)*

Real Estate Tax:	Parcel Control Number: 08 43 45 21 29 003 0014
	Land Value: \$22,932
	Improvement Value: <u>75,002</u>
	Total Value: \$97,934
	Assessed Value: \$97,030
	Exemption Amount: \$97,030
	Ad Valorem Tax: \$ -0-
	Non Ad Valorem Tax: \$ 436
	Total Tax: \$ 436

This property is exempt from ad valorem taxation because it is owned by a charitable organization.

Properties are assessed in arrears by the county property appraiser. The tax bill is issued in November and a 4% discount is given to a tax payer if the amount is paid in November. The discount diminishes until March, when the tax is due and payable.

In Florida, the taxable (assessed) value for non-homesteaded properties can be increased to a maximum of 10% per year, from tax year 2009 going forward, based on a constitutional amendment voted on by the electorate of the state. There are some exceptions which relate to school taxing districts. However, the millage of the city can increase; thus, real estate taxes can continue to increase from year to year. The 10% per year increase cap accounts for the difference between the Total Value of the appraised property and the Assessed Value.

APPRAISAL REPORT (continued)

2-2(a)(iii) *Summarize information sufficient to identify the real estate involved in the appraisal, including the physical, legal and economic characteristics relevant to the assignment; (continued)*

Market Area Description:

Boundaries and Market Composition & Transportation Infrastructure

The general market area is the City of Boynton Beach in eastern-central Palm Beach County. Population of the city is about 72,000 residents; land area of the municipality is about 16 square miles situated between Delray Beach on the south and Lake Worth on the north. The town was named for an early developer, Nathan Boynton, a former major in the Union Army in the Civil War. The city was founded in 1898 and incorporated in 1920. Most of the original buildings were destroyed in the hurricane of 1926, though a few remain. Others which were constructed in the early 1920's are still in use with repairs and replacements over the decades. Time and economic trends take a toll on properties; thus, in 1984 a redevelopment plan was adopted for the Community Redevelopment Area (CRA) in the city. It covers 1,650 acres in the central part of the municipality west of the Intracoastal Waterway.

One of the districts in the CRA is the immediate subject market area known as the Heart of Boynton (HOB), containing 380 acres. This area is the historic, older part of the CRA, with the following boundaries: Boynton Beach Canal (C-16) on the north, Florida East Coast (FEC) Railroad on the east, Interstate 95 on the west, and jagged line a few blocks north of Boynton Beach Boulevard as the south boundary, at about NE 3 Avenue.

Agriculture and farming had been important activities in past centuries in Boynton Beach. Commerce came to the area when Henry Flagler extended the Florida East Coast Railway from West Palm Beach to Miami in 1896. The railroad was the main mode of transportation to bring visitors and manufactured products to the city as well as transporting produce grown in the vicinity out of the area to other cities in the southeastern United States.

APPRAISAL REPORT (continued)

2-2(a)(iii) Summarize information sufficient to identify the real estate involved in the appraisal, including the physical, legal and economic characteristics relevant to the assignment; (continued)

Boynton Beach Boulevard is the principal east-west artery in the subject market area, having an interchange with Interstate 95 on the west side of the neighborhood. The boulevard continues west through Palm Beach County to its terminus at State Road 7/ U S Highway 441. Two miles east of State Road 7, it has an interchange with Florida's Turnpike. Boynton Beach Boulevard commences on the east at U S Highway 1, just to the east of the FEC Railroad. U S Highway 1 is the main north-south artery through eastern Palm Beach County and extends along the eastern seaboard of the United States.

Seacrest Boulevard is a main north-south artery through the City of Boynton Beach and south into Delray Beach. Martin Luther King, Jr. Boulevard is an east-west thoroughfare through the Heart of Boynton. The immediate subject market area is easily accessible by main roads and Interstate 95.

Property types in the Heart of Boynton are smaller commercial establishments along the main roads, light industrial close to the FEC Railroad, municipal facilities, single family residential, small multi-family dwellings, a few apartment buildings and places of worship. As mentioned, some structures date back to the 1920's, but most which are still usable were built in the mid-twentieth century. Municipal facilities in the immediate subject market area include parks, two elementary schools and a community center.

Recent projects implemented in the Heart of Boynton are:

- Seacrest Boulevard Streetscape
- Carolyn Sims Center
- Ocean Breeze West - 21 homes –joint venture with Habitat for Humanity
- Construction of single family residences on Martin Luther King, Jr. Boulevard

APPRAISAL REPORT (continued)

2-2(a)(iii) *Summarize information sufficient to identify the real estate involved in the appraisal, including the physical, legal and economic characteristics relevant to the assignment; (continued)*

Future projects are:

- Revitalization of Martin Luther King, Jr. Boulevard and surroundings
- Redevelopment of the Public Works site
- Establishment of mixed use districts of residential and commercial
- Expansion of light industrial near the FEC Railroad
- Widening and extension of NW 11 Avenue, west of Seacrest Boulevard.

Population Trends

The demographic survey in the beginning of the report of 1, 3, and 5 mile radial circles from the appraised property shows the median household income for 2018 in the one-mile radius is \$45,884, for three miles it is \$50,362, and \$52,739 for the five mile circle. All are lower than the median household income for Palm Beach County of \$54,400, and the east part of the circles include the residents all the way to the Atlantic Ocean. In the one-mile circle, population is 14,302. In three miles, population increases to 79,981; at five miles, it is 186,974. However, about one-third of the three and five mile circles are over the Atlantic Ocean. Annual growth rate is anticipated to be 1.16% to 1.73% in the three circles during the next five years as the economy and job market improves in South Florida, and new multi-family residential complexes are constructed. 53% of the housing units are owner occupied, with 29% rented. The percentage of renters is higher in this market because many of the single family houses are owned by investors who purchased them after the economic crash in 2008. Vacancy is reported to be 18%; however, this amount is high due to the undercount of the other two categories. Median home value in the five-mile area is \$217,000, including the highly priced homes fronting the Atlantic Ocean and Intracoastal Waterway, compared to median home value of \$218,492 in the United States.

The life cycle stage of the market area is stability, a period of equilibrium without marked gains or losses, after a period of decline.

APPRAISAL REPORT (continued)

2-2(a)(iii) Summarize information sufficient to identify the real estate involved in the appraisal, including the physical, legal and economic characteristics relevant to the assignment; (continued)

The purpose of the Heart of Boynton Community Redevelopment Plan is to revitalize the market area with new housing options and business opportunities. There are examples of new houses along Martin Luther King, Jr. Boulevard, with more planned in the immediate vicinity.

Economic Trends

During 2005-2006, the subject market area was experiencing a rise in property prices due primarily to the availability of financing with adjustable rate mortgages. Interest rates adjusted upward, but rental rates of multi-family properties did not. For single family residences, interest rates on mortgages adjusted upward, but homeowners' incomes did not increase. Scenarios were the same for many property types, all with the same result of owners' inability to make the payments and mortgages foreclosed. This situation was exacerbated by the economic crash in late 2008, followed by the Great Recession. The foreclosure cycle appears to be near the end. Currently, sales are between individuals or investors who previously purchased the properties from foreclosing lenders and private parties who will reside in the properties or hold them in their investment portfolios.

Third party lenders are providing financing to investors and residents, at high loan to price ratios. Sale prices for single-family residences in the subject market area and close vicinity are in the range of \$85,000 to \$180,000, depending on building size, age and condition. Price range for multi-family dwellings are from about \$70,000 to \$100,000 per unit based on the same factors. Land unit prices are from about \$4.00 to \$7.00 per square foot.

Family Dollar Store is an addition to the subject market area; it consists of an 8,100 square foot commercial building at the southeast corner of the signalized intersection of Martin Luther King, Jr. Boulevard and North Seacrest Boulevard. More revitalization in the CRA is taking place along US Highway 1, in the southern part of the corridor near Ocean Avenue and Boynton Beach Boulevard with projects such as 500 Ocean, with 341 residential units, 20,000 square feet of retail space and 6,000 square feet of office.

APPRAISAL REPORT (continued)

2-2(a)(iii) Summarize information sufficient to identify the real estate involved in the appraisal, including the physical, legal and economic characteristics relevant to the assignment; (continued)

Ocean One at 114 N Federal Highway is planned for 358 apartments, 12,075 square feet of retail, 120 hotel room and 439 parking spaces. The Villages at East Ocean Avenue were approved for 371 dwelling units and 15,757 square feet of commercial space.

Town Square, a major redevelopment project, will take place in three sections extending from the south side of Boynton Beach Boulevard south to SE 2 Avenue, encompassing 16.5 acres of land. The north section covers the area of the old city hall and police station which will be demolished and removed. The project consists of the following:

- North parcel – 225 residential units, 120 hotel rooms, 65,000 square feet of office/ retail space and 927 space parking garage
- Middle parcel – 200 residential units, 18,887 square feet of retail space
- South parcel – 280 residential units, 820 space parking garage, 4,000 public space

Included in the project are spaces for a new city hall, police station, fire station and park. Renovation of the historic high school is part of the project. The first phase of the project is underway.

Boynton Beach Community Redevelopment Agency (BB CRA) issued a Request for Proposals and Developer Qualifications for the Heart of Boynton Cottage District Infill Housing Redevelopment Project located in the block surrounding the appraised property between NE 4 Avenue on the south and NE 5 Avenue on the north. Land area is 4.29 acres owned by the BB CRA. The RFP is seeking a developer to construct owner-occupied single family detached or attached units. Rental is not being considered. The land is to be sold as-is, without the proposed zoning district implemented. The appraised property is one of the few lots in the block not owned by the BB CRA and not part of the RFP. However, a new development in the block will be a boost to the value of the subject.

The redevelopment goal of the RFP and private development is to transform Boynton Beach from a retirement community to a vibrant city where residents can enjoy living and working in an attractive setting.

APPRAISAL REPORT (continued)

2-2(a)(iii) *Summarize information sufficient to identify the real estate involved in the appraisal, including the physical, legal and economic characteristics relevant to the assignment; (continued)*

Conclusion

The immediate subject market area of the Heart of Boynton (HOB) has the components of an appealing neighborhood with schools, parks and recreation. HOB is easily accessible by main roads and Interstate 95. Goods and services are nearby on Boynton Beach Boulevard and U S Highway 1. With the involvement of the City of Boynton Beach and the Community Redevelopment Agency, Heart of Boynton Community Redevelopment Plan can continue to succeed in revitalizing the area.

Land Use:

Land use is Medium Density Residential, maximum density 9.58 dwelling units per acre. The site is also located in the Downtown Overlay District with a 25% density bonus if the site were improved with a mixed use project of commercial and residential. Recommended Land Use is High Density Residential, with a density of 15 dwelling units per acre.

Zoning:

“R-2”, Single and Two-family Residential District with the purpose to implement the medium density residential future land use map classification of the comprehensive plan. The intent of the district is to stabilize and protect existing residential neighborhoods with density no greater than 10 dwelling units per acre, and allow limited types of non-residential uses. Minimum lot area is 4,500 square feet per unit for a duplex; minimum lot frontage is 75 feet. However, there is a provision for a site with two lots platted prior to the enacting of the current zoning regulation to be improved with a duplex.

APPRAISAL REPORT (continued)

2-2(a)(iii) *Summarize information sufficient to identify the real estate involved in the appraisal, including the physical, legal and economic characteristics relevant to the assignment; (continued)*

Single family dwellings shall be constructed on lots that are no less than 6,000 square feet with a width of at least 60 feet and follow the building and site regulations of the “R-1”, Single Family District. Excerpts from the zoning codes are in the Addenda.

The appraised site is a portion of one lot platted prior to the current zoning code. Lot frontage is 75 feet, but size of 7,500 square feet. The “R-2” code specifies 4,500 square feet x 2 = 9,000 square feet to be able to be improved with a duplex. The other provision to permit a duplex is for there to be two platted lots. The subject site does not even contain one platted lot, which is required for a single family dwelling. The site under appraisement appears to be a non-conforming use. **Determination of use and non-conformities of the site are made by Boynton Beach City officials.**

Social service agencies are permitted in the “R-2” district when located on arterials or collectors streets. NE 4 Avenue is a local, two-laned road; thus, the subject social service agency is most probably a non-conforming use in the “R-2” district.

Parking:

Two parking spaces are required for apartments with two or more bedrooms. Thus, four parking spaces would be required for the subject if it were converted back to dwelling units. There seems to be adequate land to comply with this requirement.

Platting:

The appraised land consists of a portion on a platted lot.

APPRAISAL REPORT (continued)

2-2(a)(iii) *Summarize information sufficient to identify the real estate involved in the appraisal, including the physical, legal and economic characteristics relevant to the assignment; (continued)*

Site Description: The shape of the site is rectangular. Approximate dimensions and size are from public records.

North boundary on adjacent property:	100 feet
East boundary on NE 1 Street:	75 feet
South boundary NE 4 Avenue:	100 feet
West boundary on adjacent property:	75 feet
Total:	7,500 square feet or 0.1723 of an acre

Utilities: All utilities are available to the site.

Access: The site is accessible via NE 1 Street and NE 4 Avenue, both two laned, local roads with streetlights, but no sidewalks.

Easements: Easements are not noted on original plat. If they exist, utility easements would be most probably be around the perimeter of the lot.

Encroachments: There is no sketch of survey to review to note if there are encroachments.

Improvement Description: The appraised improvement was initially constructed as a one-story, two dwelling residence containing 1,554 square feet of enclosed area in 1955. Building sketch is in the Addenda. The current owner purchased the property in 2000, then converted the duplex into offices and a food pantry. Demising wall between the dwellings was removed, along with room partitions. The appraisers viewed the interior of the building which is divided into the following areas: reception, offices, work area, two bathrooms and a food pantry.

APPRAISAL REPORT (continued)

2-2(a)(iii) Summarize information sufficient to identify the real estate involved in the appraisal, including the physical, legal and economic characteristics relevant to the assignment; (continued)

Construction details are:

Historical Age:	63 years
Condition:	Above average
Foundation:	Reinforced concrete slab over concrete footings
Exterior Walls:	Concrete block with concrete columns and tie beams; exterior finish is painted stucco
Floors:	Smooth concrete covered with terrazzo
Interior Walls:	Drywall over metal studs
Roof System:	Hip roof covered with asphalt shingles
Windows:	Newer, storm impact single hung windows
HVAC:	Central system for cooling and heating
Plumbing:	Two bathrooms, one kitchen
Site Improvements:	Asphaltic paving for car storage, wood fence, porches, storage, sod, shrubs and trees
Environmental Assessment:	No assessment was available for review.

APPRAISAL REPORT (continued)

2-2(a)(iv) *State the real property interest appraised;*

A person who owns all the property rights is said to have *fee simple title*. A *fee simple title* implies absolute ownership unencumbered by any other interest or estate. Partial interests in real estate are created by selling, leasing, et cetera. Partial estates include *leased fee* and *leasehold estates*.

The interest appraised is fee simple.

2-2(a)(v) *State the type and definition of value and cite the source of the definition;*

The purpose of the appraisal is to develop an opinion of market value of the subject property as of July 16, 2018.

MARKET VALUE: a type of value, stated as an opinion, that presumes the transfer of a property (i.e., a right of ownership or a bundle of such rights), as of a certain date, under specific conditions set forth in the definition of the term identified by the appraiser as applicable in an appraisal. The conditions included in market value definitions establish market perspectives for development of the opinion. These conditions may vary from definition to definition but generally fall into three categories:

1. the relationship, knowledge, and motivation of the parties (i.e., seller and buyer);
2. the terms of sale (e.g., cash, cash equivalent, or other terms); and
3. the conditions of sale (e.g., exposure in a competitive market for a reasonable time prior to sale).

Market value appraisals are distinct from appraisals completed for other purposes because market value appraisals are based on a market perspective and on a normal or typical premise. These criteria are illustrated in the following definition of *Market Value**, provided here only as an example.

Market value means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:

1. *buyer and seller are typically motivated;*
2. *both parties are well informed or well advised and acting in what they consider their own best interests;*
3. *a reasonable time is allowed for exposure in the open market;*
4. *payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and*
5. *the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.*

APPRAISAL REPORT (continued)

* This example definition is from regulations published by federal regulatory agencies pursuant to Title XI of the Financial Institutions Reform, Recovery, and Enforcement Act (FIRREA) of 1989 between July 5, 1990, and August 24, 1990, by the Federal Reserve System (FRS), National Credit Union Administration (NCUA), Federal Deposit Insurance Corporation (FDIC), the Office of Thrift Supervision (OTS), and the Office of Comptroller of the Currency (OCC). This definition is also referenced in regulations jointly published by the OCC, OTS, FRS, and FDIC on June 7, 1994, and in the *Interagency Appraisal and Evaluation Guidelines*, dated December, 2010.

Florida Court Definition: “Market Value is the price that a seller willing, but not compelled to sell, and a buyer willing, but not compelled to buy, would agree to in fair negotiations with knowledge of all the facts.” [Source: *Fla. Power & Light Co., v. Jennings*, 518 So.2d 895 (Fla. 1987)]

2-2(a)(vi) *State the effective date of the appraisal and the date of the report;*

A) Effective Date of the Appraisal: July 16, 2018

B) Date of the Report: July 16, 2018

2-2(a)(vii) *Summarize the scope of work used to develop the appraisal;*

The appraisal problem is to develop an opinion of value of the property based on its highest and best use. The appraiser inspected the property and photographed it. A thorough investigation was made into the physical characteristics of the property that could affect its value. The market area was surveyed to determine its stage of the life cycle. Research was conducted to ascertain economic factors that might influence value. Data research consisted of collecting, confirming, and reporting improved sales and rentals. The process included searches and analyses, inspections and confirmations, and final reporting. The appraiser examined several sources of sales data, including the multiple listing service, Palm Beach County Appraiser’s records, the public records, and data from the appraiser’s plant.

For Sales Comparison Approach, improved sales are compared to each other and to the property under appraisal. Rentals rates of properties which are similar to the subject are reviewed to ascertain market rent for the units. The value opinions by the various techniques of the Sales Comparison Approach are reconciled into a final value.

APPRAISAL REPORT (continued)

- 2-2(a)(viii) *Summarize the information analyzed, the appraisal methods and techniques employed, and the reasoning that supports the analyses, opinions, and conclusions; exclusion of the sales comparison approach, cost approach, or income approach must be explained;***

The information analyzed and appraisal method used is detailed in the valuation section of the report. Further, the reasoning that supports the analyses, opinions, and conclusions is explained in the valuation section. The Cost Approach is not used because of the age of the improvement. The Income Approach is not employed because owners of such properties typically do not manage the operations in a way which could be applied to a traditional Income Approach. Exclusion of these approaches to value still produces a creditable report. However, valuation by Gross Income Multiplier is included in the Sales Comparison Approach

- SR 1-5 *When the value opinion to be developed is market value, if such information is available in the normal course of business:***

- a) analyze all agreements of sale, options, or listings of the subject property current as of the effective date of the appraisal; and**

There are no known agreements for sale, options or listings of the appraised property as of the effective date of the appraisal.

- b) analyze all sales of the subject property that occurred within the three (3) years prior to the effective date of the appraisal.**

The appraised property was acquired by warranty deed on October 5, 2000 for \$65,400. It appears to be have been an arm's length transaction. A copy of the deed is in the Addenda.

- 2-2(a)(ix) *State the use of the real estate existing as of the date of value, and the use of the real estate or personal property reflected in the appraisal;***

The use of the real estate on the date of valuation is a former two dwelling residential property converted to offices and food pantry for a charitable organization. This configuration makes it a limited-market property, one for which there are few potential buyers.

APPRAISAL REPORT (continued)

Zoning does not permit office use in the “R-2” district. The small size of the building precludes it from being converted to another non-residential use such as a church or school. Social service agencies are permitted in the “R-2” district on arterial or collector roads, not on a two-laned local street like NE 4 Avenue. The highest and best use for the property as improved is to adapt it back to residential use of two dwellings, if possible. Therefore, it is this use which is reflected in the appraisal. No personal property is included in the valuation.

2-2(a)(x) *When an opinion of highest and best use was developed by the appraiser, summarize the support and rationale for that opinion.*

HIGHEST AND BEST USE OF THE PROPERTY AS VACANT

Physically Possible as Vacant

No soil or subsoil tests are available for review. However, the site has been supporting a residential structure since the 1950s. The land is level and filled to street grade. Land size is approximately 7,500 square feet and rectangular in shape. All utilities are available to the site. The site is accessible via NE 1 Street and NE 4 Avenue. Physical constraint to develop the site is its size which governs the number of potential improvements which can be placed on it.

Legally Permissible as Vacant

Legal restrictions to the development of the site consist of land use designation, building and zoning codes, platting restrictions and restrictive covenants. Land use designation is medium density residential, maximum density of 9.58 dwelling units per acre. Zoning is “R-2”, Single family and Two-family Residential District in the City of Boynton Beach. Maximum number of dwelling units per lot in “R-2” district is two if the lot size meets current code. There is another zoning provision permitting two dwellings to be constructed if there are two lots platted prior to the current code. However, the subject site is only part of one platted lot and appears to be a legal non-conformity in the “R-2” district. The site has the potential of legally being improved with two dwelling units, with the alternative of single family use. Boynton Beach officials make the decisions as to the number of units which could be constructed on the parcel.

HIGHEST AND BEST USE OF THE PROPERTY AS VACANT

The Boynton Beach CRA future land use plan for the appraised land and surrounding blocks is for High Density Residential of 11dwelling units per acre. A change in the comprehensive plan is required for the implementation of a new land use.

Financially Feasible as Vacant

The third test of Highest and Best Use is economic feasibility. Demand for a certain property type must be evident for it to be feasible. For it to be financially feasible, the use must be marketable and provide the investor with a competitive return when compared with alternate uses. The immediate subject market area has been improved with single-family residences and small multi-family dwellings for almost 100 years. Residences come to the end of their economic lives, improvements are razed and the sites are redeveloped with modern structures. There are examples of this cycle throughout the subject market area. New redevelopment projects in the subject vicinity are Ocean Breeze West with 21 homes, Eastview Park with market rate houses ranging from \$255,000 to \$300,000 constructed by D R Horton, and four new houses on West Martin Luther King, Jr. Boulevard sold from \$166,000 to \$195,000. The four houses are the result of the work of the Boynton Beach CRA and Boynton Beach Faith-Based Community Development Corporation.

Although, the subject site might be able to be improved with two dwelling units, there are no new duplexes being constructed in the subject market area. The existing duplexes date back to the 1950s and 1960s, with small, functionally obsolete units. Single family homeownership is encouraged to build the community with permanent residents rather than populate it with transient occupants. As mentioned, community organizations are constructing single family homes and selling them to people who will reside there. Financial assistance to the buyers is facilitating this plan.

Financially feasible use of the subject site is to improve it with two residential units of as large a size as can meet the zoning standards. The most probably buyer would be a local investor familiar with the subject market area. Instead, the land could be improved with a single family residence which would better fit the community redevelopment plans of the neighborhood. The most likely buyer would be a community agency which would construct the single family residence then sell the land and house to an end-user.

HIGHEST AND BEST USE OF THE PROPERTY AS VACANT

Maximally Productive as Vacant

In summary, the current Highest and Best Use of the property appraised as vacant is for a two dwelling residence. Such uses would be physically possible, probably legally permissible, financially feasible and maximally productive as an individual site. Otherwise, the site would most probably be permitted to be improved with a single family residence.

There is a current Request for Proposal to develop the 4.29 acres of land surrounding the subject site with a residential project. The alternative highest and best use for the appraised land is for it to become part of the new project.

HIGHEST AND BEST USE OF THE PROPERTY AS IMPROVED

Physically Possible Improved

The improvement appraised was a two dwelling residence constructed in 1955. It was upgraded and converted to offices and food pantry after 2000. The condition of the property is superior to others in the immediate subject market area. It is physically possible to convert the structure back to two dwelling units. If necessary or desired, demolition is physically possible.

Legally Permissible Improved

A two dwelling residence appears to be legally permissible. There is sufficient space to have car storage for four vehicles on site with the removal of wood fencing and shrubs.

Financially Feasible Improved

There is an active market for two dwelling residences in the subject market area in the price range of the appraised value. Exposure time to the market for these properties is short, typically a few weeks. Although, most of the sales are in cash, third party lenders are taking high loan to price mortgages on them.

HIGHEST AND BEST USE OF THE PROPERTY AS VACANT

The appraised property is in better than average condition in its current arrangement. However, neither social service agencies nor business occupants would be permitted to operate in the subject's location. Financially feasible use of the property is a two dwelling residence for it to be marketable to buyers or tenants. Calculation of the costs to make the conversion is beyond the scope to this appraisal. However, the basic structure is in adequate condition to make the changes possible. Each side of the building has a full bathroom and separate entrances. Financial feasibility of the property is to revert to two dwellings, then maintain them through repairs to the end of the structure's useful life. The most probable buyer is a local investor or owner-occupant in one side of the building.

Maximally Productive Improved

The maximally productive use of the property as improved is to remodel it to two dwelling residence, which use is physically possible, probably legally permissible, financially feasible, and maximally productive.

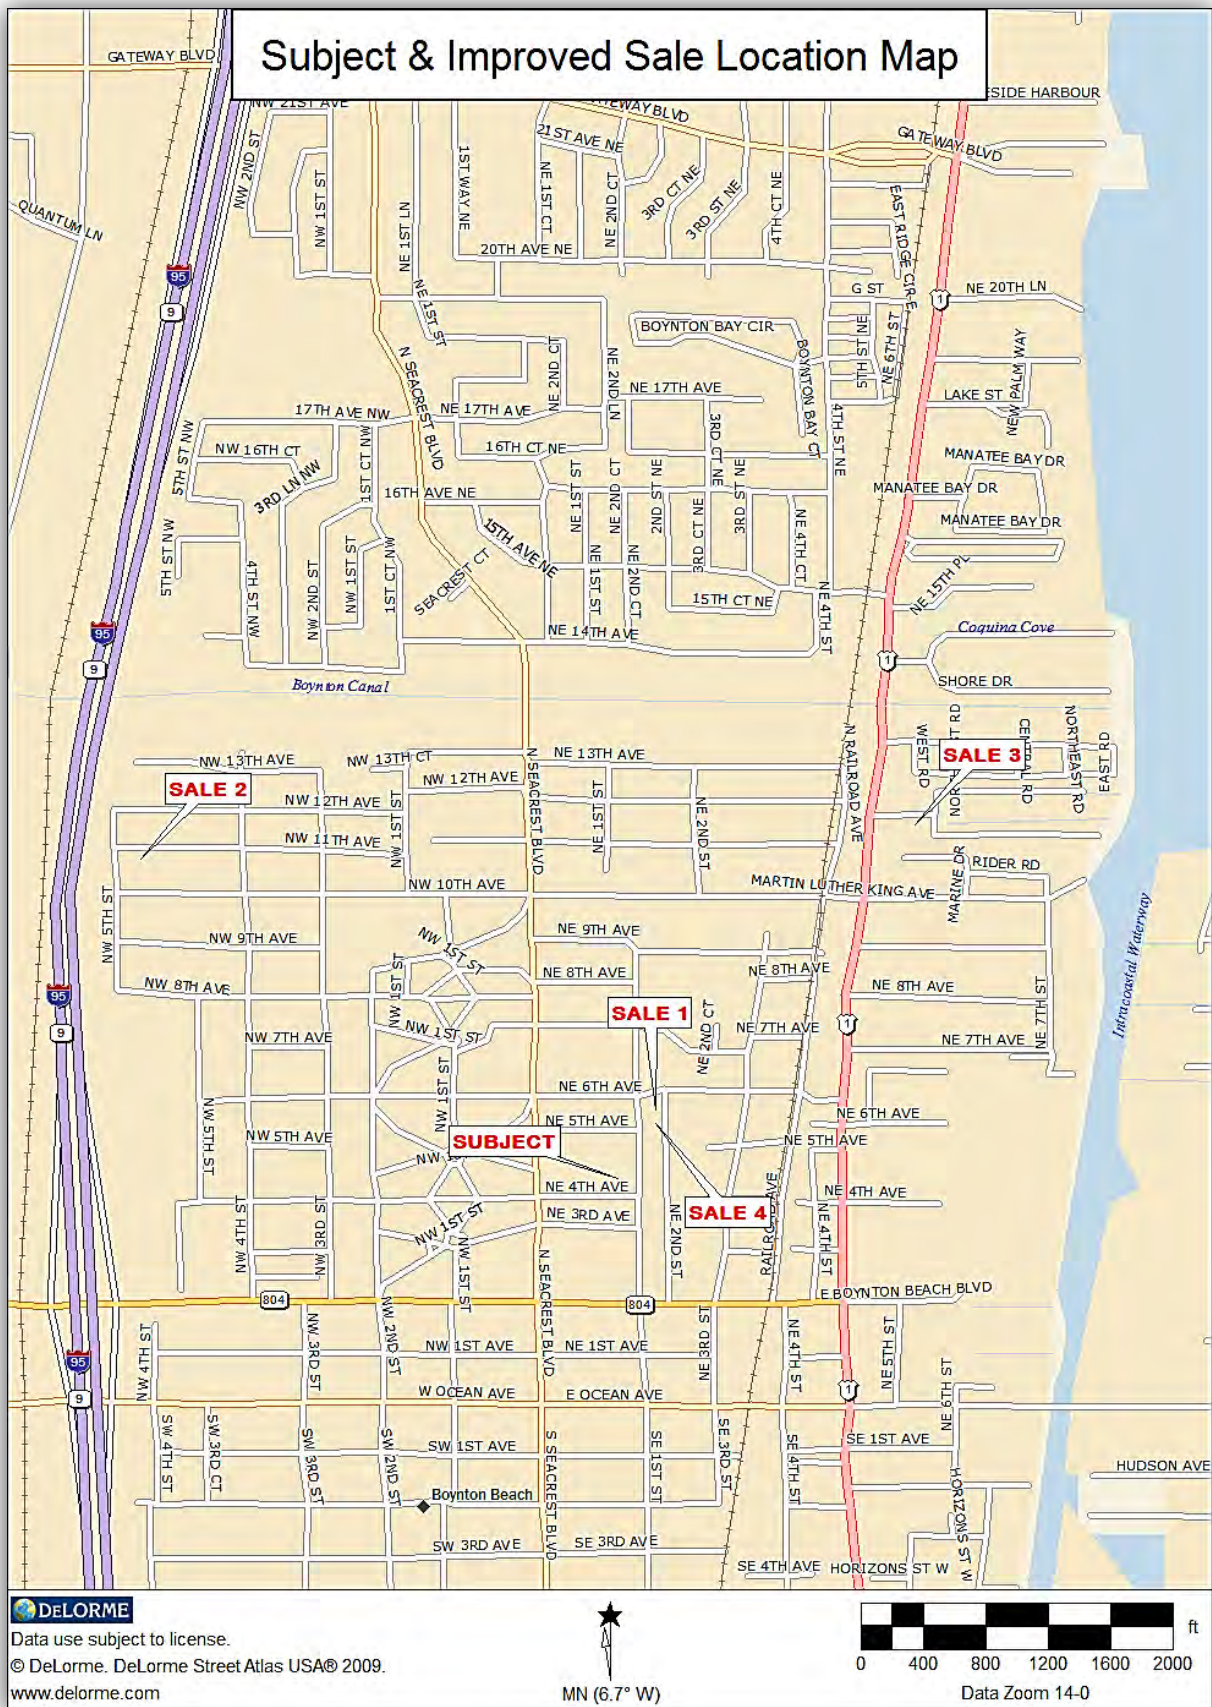

2-2(a)(xi) Clearly and Conspicuously: State all extraordinary assumptions and hypothetical conditions; and state that their use might have affected the assignment result.

There are no extraordinary assumptions or hypothetical conditions in this report.

2-2(a)(xii) Include a signed certification in accordance with Standards Rule 2-3

See signed certification in report.

SALES COMPARISON APPROACH

MULTI-FAMILY BUILDING SALES

SALE NO.	1
LEGAL DESCRIPTION	Lots 78 and 80, less the west 25 feet for road, C W COPP'S ADDITION TO BOYNTON, Plat Book 7, page 56, Palm Beach County Public Records.
RECORDED	O.R. Book 28974, Page 1287 of Palm Beach County Public Records
GRANTOR	GSAMP Trust 2005-WMC2
GRANTEE	Duckens Aristilde
DATE OF SALE	March 28, 2017
LOCATION	525 NE 2 Street Boynton Beach, Florida
ZONING	"R-2", Single and two-family residential district
SALE PRICE	\$155,364
PROPERTY DESCRIPTION	One-story CBS duplex, constructed in 1955 containing 1,876 square feet of enclosed building area. The building consists 2(2/2) units. Land size is 6,621 square feet.
UNITS OF COMPARISON	\$82.82 per square foot of building, including land \$77,682 per Unit 938 sq.ft. average unit size 3.53:1 Land to Building Ratio
FOLIO NUMBER	08-43-45-21-05-000-0780
CONDITIONS OF SALE	Cash sale. Arm's length transaction.
CONFIRMATION	Todd Faber, attorney for grantor
COMMENTS	Deutsche Bank acquired title in December, 2015 to this property by foreclosure of a mortgage which financed a prior purchase. A representative of the bank was the grantor of the most recent sale. The property was unoccupied and in fair condition when recently sold. Some work was done subsequent to the transaction, but not completed.

SALES COMPARISON APPROACH

OVERVIEW

In the Sales Comparison Approach, the appraiser compares the appraised property to sales of similar properties. This approach to value simulates the actions and attitudes of typical buyers and sellers in the market. The approach is based on the Principle of Substitution that affirms the maximum value of a property is set by the cost of acquisition of an equally desirable and valuable substitute property, assuming no costly delays in making the substitution. The steps of this approach are:

- 1) Collect information of recent sales of properties most similar to the property being appraised.
- 2) Verify the sales information from the best available sources.
- 3) Select relevant units of comparison and develop a comparative analysis for each unit.
- 4) Adjust the sales to the subject using the significant, market-derived units of comparison.
- 5) Reconcile value indications from the comparisons into a value opinion by this approach.

For the value opinion by this approach to be meaningful, there must be an adequate number of sales of similar properties for comparison to the subject. Data acquired in the Sales Comparison Approach such as rental amounts, vacancy factors, and expense ratios, are used in the Income Approach. A reliable Sales Comparison Approach sets a strong foundation for the entire value process.

The property appraised was built as two residential units, later converted to offices and food pantry. Location is 145 NE 4 Avenue, Boynton Beach, containing 1,554 square feet of enclosed area, constructed in 1955. Land size is approximately 7,500 square feet; zoning is “R-2”, Single and Two-family residential district.

A search was conducted to find sales of facilities similar to the subject in residentially zoned neighborhoods; none were found. The highest and best use of the property as improved is to reconfigure it back to two dwelling units. As mentioned, condition of the building is above average and superior to other properties in the neighborhood. There would be costs to make the alterations; however, a buyer would take into consideration the better condition of the subject structure when considering a purchase price. Therefore, recent sales of duplexes are compared to the subject in developing an opinion of value for the property.

UNITS OF COMPARISON

Units of comparison are components into which a property may be divided for comparison. The purpose of using units of comparison is to relate sales of similar properties to the property being appraised on the basis of significant measures such as price per square foot, price per cubic foot, et cetera. The appropriate units of comparison come from the market. For the property appraised and the comparable sales, the pertinent units are: sale price per square foot of building, including land, sale price per unit and Gross Income Multiplier, GIM (sale price/ gross income).

Continued

SALES COMPARISON APPROACH

(Continued)

ELEMENTS OF COMPARISON

*Elements of comparison are the characteristics of properties and transactions that cause the prices paid for real estate to vary. **The Appraisal of Real Estate** continues by stating that there are ten basic elements of comparison that should be considered in sales comparison analysis. The first group is termed transactional elements being: real property rights conveyed, financing terms, conditions of sale, expenditures made immediately after purchase and market conditions. The second group is property elements consisting of location, physical characteristics, economic characteristics, use, and non-realty components of value. Each is hereafter addressed.*

Real Property Rights Conveyed

A transaction price is always predicated on the real property interest conveyed. Property interests conveyed can either be fee simple (without tenants) or leased fee (subject to leases). An adjustment for property rights conveyed is based on whether a leased fee interest was sold with leases at, below, or above market rent. When a property is sold without leases, its value is normally based on the market rent that it can command and the financing that could be obtained.

The improved sales are rented to tenants on a short term basis of one year or less. The property interest conveyed in improved sales is fee simple, the same interest appraised for the subject. No numerical adjustment is warranted for this element of comparison.

Financing Terms

Financing terms may have a bearing on the price paid for a property. Such terms that may affect price include assuming a mortgage at lower than current interest rates, the seller paying a buydown for the buyer to have a lower interest rate, or the seller providing financing for a transaction at lower than typical institutional rates. In all of these cases, the buyer could have paid higher prices in such transactions to obtain favorable financing. The reverse is also a possibility in which lower sale prices result from above market financing. If financing affected the price paid, a cash equivalency adjustment is warranted.

All of the improved sales were cash transactions, thus avoiding scrutiny of the properties by third party lenders. Since there were no financing terms to review, no adjustment is made for this element of comparison.

Conditions of Sale

Condition of sale addresses the motivation of buyers and sellers. Such motivations include a seller accepting a lower than market price for needed cash, a lender selling a previously foreclosed property to comply with regulations imposed on the institution, or a buyer purchasing an adjacent property. Even arm's length transactions may be the result of atypical motivation, such as lack of exposure time to the market, the result of an eminent domain proceeding, or tax consideration.

(Continued)

SALES COMPARISON APPROACH

(Continued)

Improved Sale 1 is the resale of the property after the foreclosure of a mortgage which financed a prior transaction. This property was exposed to the open market for a reasonable period of time. With few two dwelling properties on the market for sale, the grantor of No. 1 seems to have been able to obtain a price which is in-line with other non-distressed transferred. Conditions of sale for the comparable properties are typical for the market; hence, no adjustments made.

Expenditures Made Immediately After Purchase

No major expenditures were made to Sales 2, 3 and 4 immediately after purchase. Upgrades were started for Improved Sale 1, but not completed. The inferior physical characteristic of No. 1 to the other sales and the subject is addressed as a property element of comparison later in this valuation section.

Market Conditions

Comparable sales that occurred under different market conditions than those applicable to the subject on the effective date of the value estimate require adjustment for any differences that affect their value. The most common adjustment for market condition is time; however, the passage of time itself is not the cause of the adjustment. Market conditions which change over time are the reason to make the adjustment, such as appreciation or depreciation due to building inventory, changes in tax laws, investor's criteria, building moratoriums, fluctuation in supply and demand, et cetera. It is also possible that there is no change in market condition over time.

From 2015-2017, there had been an upward price trend because of resales of previously foreclosed properties. That market seems to have ended. In 2017, prices plateaued because they reached a level above which investors were not willing to pay. The investments would not be profitable if the sale prices were higher. Thus, there is not a discernable change in market conditions from the closing dates of the sales in 2017 to the effective date of the appraisal in 2018. Thus, no adjustment is made for this element of comparison.

Adjustments for transactional elements of comparison were considered. Now, the improved sales are compared to the subject and to each other for the remaining property elements of comparison for possible adjustments.

Location

The location of a property is a key factor in prompting a buyer to purchase it. Location encompasses many aspects such as road frontage, access, proximity to other competing properties, proximity to a market that will use the goods and services housed in a property, governmental influences, et cetera. Typically, properties in a neighborhood share some of the same location characteristics such as age, condition, and style. However, there may be differences such as corner location, view, and zoning, to name a few.

(Continued)

SALES COMPARISON APPROACH

(Continued)

Properties of a similar type may be in different locations, yet the locations may share enough similarities to justify comparison. Factors of similarity between locations include average daily traffic counts, zoning and/or land use, and market composition.

The improved sales and appraised property are in the central section of the city of Boynton Beach. Improved Sales 1 and 4 are in the immediate subject market area, one avenue to the east of the appraised property. More weight is placed on these properties for the element of comparison of location. Sale 2 is located in the northwest section of the Heart of Boynton; No. 3 is located to the east of Federal Highway, outside of the Community Redevelopment Area. Improved Sales 1, 2 and 4 are in the same zoning district as the subject, being "R-2." No. 3 is zoned "R-3." The locational characteristic of the property concerned would put its unit value in the upper end of the range of the sale unit prices.

Physical Characteristics

Physical characteristics to be considered for adjustments are those that cause a difference in price to be paid by the market. A wide range of such items includes property type, building size, land size, land to building ratio, amount of parking, year of construction, current property condition, functional utility, market appeal, complete build-out of interior space, et cetera. Adjustments for physical characteristics are best derived from the market by paired sales comparison. *The value added or lost by the presence or absence of a differing item in a comparable property does not usually equal the cost of installing or removing the item.*

Through the process of searching for comparable sales, the physical characteristics are of great import. From the universe of possible comparable sales, those that are most similar to the property appraised are presented in the report for analysis and comparison to the subject. The lesser the number of physical differences, the better.

The improved sales have building sizes in the range of 1,050 to 1,876 square feet, with the subject mid-range at 1,554 square feet. Correspondingly, the subject unit size would be in the middle of the data set. Owners and renters are looking for larger dwellings to accommodate their families and belongings. The lot size of the subject of 7,500 square foot is at the upper end of the range of the sales. The combination of a larger lot and mid-sized building results in a mid to upper-range land to building ratio, with adequate outside space for parking. However, rental rates are more related to the size of the dwelling rather than to yard space.

Dates of construction of the sales and subject are from 1955 to 1984. As discussed, the exterior and interior of the appraised property were upgraded after the purchase in 2000, making its condition similar to that of Improved Sale 4 built in 1984. Improved Sales 1 and 4 are on the same street, just to the east of the subject. Condition of No. 1 at the time of sale was fair; condition of No. 4 was average to good. Comparing the sale unit price of these two properties is about a 10% difference. Sale 1 is adjusted upward 10% for having inferior physical characteristics to Sale 4 and the appraised property. After the adjustment, Sales 1 and 4 have unit prices of \$85,450 and \$85,000. The physical characteristics of Sales 2 and 3 are average, with no adjustment made for this element of comparison.

(Continued)

SALES COMPARISON APPROACH

(Continued)

Economic Characteristics

Economic characteristics of a property include its rental rate, occupancy rate, and expenses; which are the building blocks for the gross income multiplier and overall capitalization rate. Gathering information on the method of leasing, concessions given if any, expenses passed through to the tenants, lease terms, et cetera are important in arriving at the economic units of comparison for the sale. Inclusion of all expenses for the sale property that are incurred by the subject is necessary to arrive at an overall capitalization rate which is relevant to the property in question.

Gross income multiplier (sale price/ gross income) is the more reliable economic characteristic for small income properties. Income data can be readily obtained; however, expenses to develop a full income approach culminating in an overall rate are difficult to attain. Current monthly rental rates in the subject market area are as follows.

- 338 NE 10 Avenue, Boynton Beach: 2 bedrooms/ 1 bath \$1,000
- 1303 N Railroad Ave, Boynton Beach: 1 bedroom/ 1bath \$1,184 and \$900
- 122 NE 13 Avenue, Boynton Beach: 2 bedrooms/ 1 bath \$1,000
- 123 NW 10 Avenue, Boynton Beach: 2 bedrooms/ 1 bath \$ 900

Market rent for the appraised property as dwelling units would be in the range, conservatively, at \$900.00 per unit per month.

$\$900.00/\text{month} \times 2 \text{ units} \times 12 \text{ months} = \$21,600$ annual gross income

Gross income multipliers (GIM) for the sales are: 7.17, 7.72 and 8.33. Improved Sale 4 with higher sale price has the higher GIM. The most appropriate GIM for the appraised property is 8.00.

Non-Realty Components of Value

Non-realty components of value include personalty, business concerns, or other items that do not constitute real property but are included in the sale price of either the comparable or the subject property. These components should be analyzed separately from the realty.

There were no non-realty components of value to consider for the property appraised.

Use

For properties to be comparable, they should have similar Highest and Best Uses. All of the improved sales cited in this report and the subject have the same Highest and Best Use as two dwelling residences per building, with no adjustment necessary.

(Continued)

SALES COMPARISON APPROACH
(Continued)

FINAL VALUE OPINION

Improved Sales 1, 2, 3 and 4 did not require adjustments for the transactional element of comparison. Improved Sales 1 and 4 are emphasized for locational characteristics as they are essentially across the street from the appraised property. These two sale properties are also most significant for physical characteristics. Improved Sale 1 is adjusted upward to be in similar condition as No. 4 and the subject. With more weight on Improved Sales 1 and 4, the indications of value for the appraised property are \$85,000 per unit and \$110.00 per square foot of building including land.

Market gross monthly rent per dwelling would be \$900.00 or \$21,600 annually for the entire property. The GIM is 8.0.

The quantity of the comparable data is sufficient to have an overview of the market for smaller multi-family residential properties in the central-eastern Boynton Beach. The quality of the data is good in that it provides a sound basis to develop an opinion of value for the property under appraisal. Based on the analysis and conclusions presented within the report, it is our opinion that the Market Value of the Fee Simple Estate of the Subject Property as of July 16, 2018 is as follows.

VALUE BY PRICE/ DWELLING UNIT

Two dwelling units x \$85,000 per unit =	\$170,000
------------------------------------------	-----------

VALUE BY PRICE/ SQUARE FOOT

1,554 square feet x \$110.00 per square foot of building including land =	\$171,000
---------------------------------------------------------------------------	-----------

VALUE BY GROSS INCOME MULTIPLIER

\$21,600 annual gross income x 8 GIM =	\$173,000
----------------------------------------	-----------

The value opinions by all three units of comparison are close and support each other. A final value in the mid-range of the three indications is most acceptable.

FINAL VALUE BY THE SALES COMPARISON APPROACH:

ONE HUNDRED SEVENTY-ONE THOUSAND DOLLARS

\$171,000

CERTIFICATION

I certify that, to the best of my knowledge and belief, the statements contained in this report are true and correct.

The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions, and are my personal, unbiased professional analyses, opinions, and conclusions. I have no present or prospective interest in the property that is the subject of this report, and I have no bias or personal interest with the parties involved.

The appraisal assignment was not based on a requested minimum valuation, a specific valuation, or the approval of a loan.

My compensation is not contingent on an action or event resulting from the analyses, opinions, or conclusions in, or the use of, this report. I appraised this property on April 1, 2017.

The reported analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics and the Standards of Professional Appraisal Practice of the Appraisal Institute. The analyses, opinions and conclusions were also developed and the report prepared in conformity with the Uniform Standards of Professional Appraisal Practice, which is included in the Appraisal Institute's Standards, and Chapter 475, Part II F.S.

The use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives. The use of this report is (*also*) subject to the requirements of the State of Florida relating to review by the Florida Real Estate Appraisal Board.

I have visited the property that is the subject of this report on July 12, 2018.

Jesse B. Vance, Jr. and Claudia Vance are responsible for the analyses, conclusions and opinions concerning real estate set forth in this report. No one else has provided significant professional service to the persons signing this report.

The Appraisal Institute and the American Society of Appraisers each conduct programs of continuing education for their designated members. As of the date of this report, Jesse B. Vance, Jr. and Claudia Vance have completed the requirements of the continuing education program of the Appraisal Institute. Continuing educational requirements are also completed for the American Society of Appraisers and the State of Florida.

CERTIFICATION AND LIMITING CONDITIONS

The statements and conclusions contained in this report, subject to the limiting conditions hereafter cited, are correct to the best of the writers' knowledge.

1. The undersigned have personally visited the subject of this report. No pertinent information has been knowingly withheld.
2. Unless specifically included, the subject is analyzed as though free and clear of liens and encumbrances.
3. No responsibility is assumed for legal matters, nor is an opinion of title rendered. Title is assumed to be good and held in Fee Simple.
4. Legal descriptions and property dimensions have been furnished by others; no responsibility for their correctness is assumed. Sketches which may be in the report are for illustrative purposes only.
5. Possession of any copy of this report does not carry with it the right of publication, duplication, or advertising using the writers' names or professional designations or membership organizations.
6. The writers are not required to testify without prior agreement.
7. Neither the employment to make this appraisal nor compensation therefore is contingent on the value reported.
8. Improvements, if any, are those noted and reported on the date of inspection.
9. The value or values estimated apply ONLY as of the date of valuation stated within the report.
10. The writers certify that they have no present, past or contemplated interest in the subject of this report.
11. This report is the property of the indicated client. It may not be used by any other party for any purpose not consistent with the written function of this report without the express written consent of the writers AND client.
12. The reported analyses, opinions and conclusions were developed, and this report has been prepared, in conformity with the requirements of the Code of Professional Ethics and the Standards of Professional Practice and Conduct of the Appraisal Institute. The work also conforms to the Uniform Standards of Professional Appraisal Practice.
13. The existence of potentially hazardous material used in the construction or maintenance of buildings, such as the presence of urea formaldehyde foam insulation, and/or existence of toxic waste, which may or may not be present on the property, has not been considered. Additionally, soil or sub-soil contamination may exist from current or prior users, or users outside the property concerned. The appraisers are not qualified to detect such substances. We urge the client to retain an expert in this field if desired.
14. The appraisers have not been provided a Habitat Survey, Endangered Species Survey, or analysis by a qualified environmental specialist indicating the presence of or proximity to environmentally sensitive and/or protected land or species which could affect the use, and possibly, value of the appraised property. The appraisers are not qualified to identify these factors. We recommend that an expert be hired where there may be reasonable cause to expect the presence of any of the cited elements.
15. Jesse B. Vance, Jr. and Claudia Vance were responsible for the analyses, conclusions, and opinions of real estate set forth in this report. (No one else provided significant professional assistance to the report signers).
16. The Americans with Disabilities Act (ADA) became effective January 26, 1992. We have not made a specific compliance survey and analysis of this property to determine whether or not it is in conformity with the various detailed requirements of the ADA. It is possible that a compliance survey of the property would reveal that the property is not in compliance with one or more of the requirements of the act, which could reduce property value.
17. Prospective value estimates are based on current conditions and trends. The appraisers cannot be held responsible for unforeseeable events that might alter market conditions upon which market value has been estimated.
18. The appraisers certify that they have the knowledge and experience required to perform this appraisal assignment.
19. The appraiser reserves the right to amend or change this report at any time additional market information is obtained which would significantly affect the value opinion.

Land Details

Land Line #	Description	52	Zoning	Units	Acres
1.	MULTI-FAMILY	R2	2		0.1723

E. *R-2 Single and Two-family Residential District.*

1. General. The purpose of the R-2 zoning district is to implement the medium density residential (MeDR) future land use map (FLUM) classification of the Comprehensive Plan. The intent of this conventional district is to stabilize and protect existing residential neighborhoods with densities no greater than ten (10) dwelling units per acre, and allowing limited types of non-residential uses.

2. Use(s) Allowed. See "Use Matrix Table 3-28" in Chapter 3, Article IV, Section 3.D.

3. Building and Site Regulations (Table 3-9). Existing and/or planned single-family homes shall conform to the R-1 district requirements; however, for duplex homes, the following lot and building requirements shall be observed:

BUILDING/SITE REGULATIONS R-2 District	
Minimum lot area (per unit):	4,500 s.f. ¹
Minimum lot frontage:	75 feet
Minimum yard setbacks:	
Front:	25 feet ²
Rear:	25 feet ³
Interior side:	10 feet ²
Corner side:	25 feet ^{2,3}
Minimum living area:	750 s.f.
Maximum lot coverage:	40%
Maximum Floor Ratio Area (FAR)	0.10 ⁴
Maximum structure height:	25 feet ⁵

¹ Single-family dwellings shall be constructed on lots that are no less than six thousand (6,000) square feet.

² Pursuant to Section 8.B. below, parcels that have frontage on Martin Luther King Jr. Boulevard and are located within the Martin Luther King Boulevard Overlay Zone shall have front, side interior, and side corner setbacks in accordance with the mixed use-low intensity 1 zoning district (see Section 6.H. below).

³ On corner lots, the side setback adjacent to the street shall be not less than one-half (1/2) the front yard setback. However, where orientation of adjacent lots on both street frontages provide typical front yard setbacks, the corner lot shall provide for front yard setbacks along both streets. When two (2) front yard setbacks are provided for on a corner lot, no rear yard setback shall be required, only side yard setbacks shall be imposed.

⁴ A floor area ratio (FAR) up to 0.10 may be considered for non-residential uses allowed within the R-2 district (see "Use Matrix" – Chapter 3, Article IV, Section 3), pursuant to the medium density residential land use category of the Comprehensive Plan.

⁵ Not to exceed two (2) stories.

D. R-1 Single-family Residential District.

1. General. The purpose of the R-1 zoning district is to implement the moderate density residential (MoDR) future land use map (FLUM) classification of the Comprehensive Plan. The intent of this conventional district is to encourage single-family dwellings and structures at densities no greater than seven and one-half (7.5) dwelling units per acre, and allowing limited types of non-residential uses.

2. Use(s) Allowed. See "Use Matrix Table 3-28" in Chapter 3, Article IV, Section 3.D.

3. Building and Site Regulations (Table 3-8). The following lot and setback requirements shall be observed:

BUILDING/SITE REGULATIONS	
R-1 District	
Minimum lot area:	6,000 s.f.
Minimum lot frontage:	60 feet
Front:	25 feet
Rear:	20 feet
Special rear yard setback reduction for single-story building additions: ¹

→ Sec. 11. Nonconforming Regulations.

A. *Lots and Parcels.*

1. R-1 District, R-1A District, R-2 District, and R-3 District. A detached single-family dwelling may be constructed on any parcel located in an R-1, R-1A, R-2, or R-3 district, provided that it meets all of the following requirements:

- a. The parcel contains at least one (1) whole platted lot, platted prior to August 7, 2001;
- b. The parcel, or assemblage of platted parcels which individually meet the requirements of paragraph a. above, has a frontage of not less than fifty (50) feet, and a lot area of not less than five thousand (5,000) square feet (irregular, other than rectangle-shaped lots with less than five thousand (5,000) square feet of area may be developed if in conformance with all other lot regulations);
- c. All such parcels, when developed, shall comply with all provisions of the Land Development Regulations and applicable building code regulations, including without limitation sections of the building code regulations regarding the impact of construction and drainage on or to adjacent properties.

→ 2. R-2 District. Within R-2 districts, in subdivisions platted prior to the effective date of these Regulations, where the platted lots have a frontage of at least forty (40) feet but less than fifty (50) feet, the following rules shall apply:

- a. A detached single-family dwelling may be constructed on any such parcel, provided that the parcel contains at least one (1) whole platted lot.
- b. A duplex dwelling may be constructed on any parcel, provided that it meets the following requirements:
 - (1) The parcel contains at least two (2) whole platted lots;
 - (2) Property cannot be acquired from adjacent parcels so as to make the subject parcel conforming, without causing the adjacent parcels to become nonconforming or more nonconforming.
- c. For any parcel, lot, or combination of lots, where the total frontage is equal or greater than one hundred twenty (120) feet, and the total area is greater than twelve thousand (12,000) square feet, said property shall not be developed except in accordance with the minimum frontage and lot area required in the R-2 zoning district.

d. Ownership of parcels shall be determined by the property tax rolls on file in the Palm Beach County Property Appraiser's Office as of the effective date of these Regulations.

3. R-1AA District. A detached single-family dwelling may be constructed on any parcel located in an R-1AA district, without requiring a variance, provided that it meets the following requirements:

- a. The parcel contains at least one (1) whole platted lot.
- b. The parcel has a frontage of not less than sixty (60) feet, and a lot area of not less than six thousand, seven hundred fifty (6,750) square feet in area.
- c. It would not be possible to acquire property from adjacent parcels so as to make the subject parcel conforming, without causing the adjacent parcels or structures thereon to become nonconforming or more nonconforming.

For any parcel or lot, or combination of lots under the same ownership, where the total frontage and the total area is equal to or greater than that which is required by the R-1AA district building and site regulations, said property shall not be developed except in accordance with the minimum frontage and lot area required in the particular zoning district.

Not more than one (1) parcel or lot, or combination of lots under the same ownership, that is nonconforming but which meets the requirements under b. above may be developed for a single-family house.

Sec. 2. Standards.

A. General.

1. Rules and Methodology.

a. Parking space requirements shall be computed on the basis of the principal use of a structure or lot, and using gross floor area unless stated otherwise in this article. Gross floor area, for the purposes of this subsection, shall include the floor area occupied by the principal use, plus the floor area occupied by all other enclosed spaces, including but not limited to storage rooms, maintenance and mechanical rooms, offices, lounges, restrooms, lobbies, basements, mezzanines, and hallways.

b. Where several principal uses exist in one (1) structure or on one (1) lot, parking space requirements shall be computed separately for each principal use, unless stated otherwise in this article. Where parking spaces are required in this article for each of several principal uses that commonly occur together, this is done for the purpose of clarification only, and shall not limit the application of the requirement contained in this paragraph.

c. A use shall be considered a principal use, for the purposes of this subsection, if it could exist separately from all other uses in the same structure or on the same lot, and would by itself generate significant parking demand.

d. Where several principal uses exist in one (1) building or part of a building, and the floor area of each principal use cannot be clearly delineated, the parking space requirement for the use requiring the greatest number of parking spaces shall apply.

e. Where a use is not listed below, parking space requirements shall be determined by the City Commission after review and recommendation by the Director of Planning and Zoning or designee.

f. Where the number of required parking spaces as computed includes a fraction, the number of required parking spaces shall be the computed number rounded to the next highest whole number.

g. Except as provided in Section 3.E. below, there shall be provided, at the time of the erection of any structure or establishment of any use, a number of off-street parking spaces in accordance with the following minimum requirements, and subject to the parking requirements of this subsection. Where a structure or use is enlarged or increased in capacity by any means, including a change in building occupancy which requires the provision of additional parking spaces, or a change in use to or which requires additional parking spaces, the minimum number of parking spaces shall be computed by applying these requirements to the entire structure or use.

2. Minimum Number of Required Off-Street Spaces for Non-Residential Uses. No fewer than four (4) parking spaces shall be provided for any non-residential use.

3. Location of Off-Street Parking Areas.

a. Residential. Required parking spaces for all dwellings shall be located on the same lot as the dwelling to be served.

b. Non-residential. Required parking spaces for all non-residential uses shall be owned by the owner of the building or lot to be served, and shall be located on the same lot, or not more than three hundred (300) feet distance, unless the property is located within those areas defined within the adaptive re-use section of the Code (Chapter 4, Article 5, Section 4). In those areas, required parking spaces may be leased within three hundred (300) feet of the use in which they serve, subject to Board and City Commission approval, and the property shall be posted with signage indicating to patrons the location of the leased parking.

B. Table 4-17. Residential and Lodging Uses.

Residential and Lodging Uses	Standard Number of Required Parking Spaces
------------------------------	--------------------------------------------

Building area size is based upon gross floor area (in square feet) unless specifically expressed otherwise.	
Single-family, duplex dwelling, or mobile home:	2 ¹
Efficiency or one (1)-bedroom apartment:	1.5 ^{1,2}
Within mixed use high district:	1.33 ²
Two (2) or more bedroom apartment:	2 ^{1,2}
Within mixed use high district:	1.66 ^{1,2}
Dormitories:	1 per unit
Hotel & motel units containing one (1)-bedroom:	1.25 per unit
Within mixed use high district:	1 per unit
Hotel & motel suite containing two (2) or more bedrooms:	2 per unit
Within mixed use high district:	1 per unit
Group home (types 1 through 4):	1 per 3 beds
Bed & breakfast:	1 ³
Live/work unit:	1 per 2 units ⁴

¹ Residential driveways shall satisfy the parking space requirements for single-family detached dwelling units, duplexes, and multi-family dwelling units containing garages, provided such driveways are of sufficient size to meet the parking space requirements of this subsection. A residential driveway of sufficient size shall be provided prior to the issuance of a certificate of occupancy. For all required parking spaces not located within an enclosed garage, the first parking space shall be the minimum size required for a handicap space, exclusive of public or private rights-of-way, and all other required spaces must be dimensioned in accordance with current city standards. All driveways shall be setback at least two (2) feet from interior side and corner side property lines, and maintained and drained so as to prevent nuisance conditions or a danger to the public and/or adjacent property owners. Any expansion to an existing driveway shall require a zoning permit from the Planning and Zoning Division in accordance with the procedures specified in Chapter 2, Article II, Section 5.B.; however, any driveway expansion (or similar impervious surface) that is equal to or greater than eight hundred (800) square feet shall require the approval of a land development permit in accordance with Chapter 2, Article III, Section 3. Any work, such as a driveway, proposed within the swale (right-of-way) shall require a permit from the Engineering Division in accordance with the procedures specified in Chapter 2, Article III, Section 4.

² Guest parking shall be provided at a rate of 0.15 spaces per unit for residential developments consisting of three (3) or more dwelling units.

³ Required parking shall be calculated on the basis of one (1) space per each employee, manager, or owner and one (1) parking space for each guest unit. Newly created parking may be located only in the rear and side yard.

⁴ In addition to the required parking for the residential unit, the city requires that one (1) parking space per two (2) live/work units be provided to meet business activity needs. Parking provided to meet this requirement shall be located on the lot, built into or under the structure, or within three hundred (300) feet of the unit in which the use is located. The distance shall be a straight line measurement from a point on the boundary line of the property of the subject unit to the closest boundary line of the property on which the parking is located. Parking provided to accommodate said space, including driveways of adequate depth in front of the unit's garage, shall not serve as meeting required parking for the unit's residential use.

SUMMARY OF 2018 – 2019 USPAP (Uniform Standards of Professional Appraisal Practice)

Standard Rule 2: Real Property Appraisal, Reporting

In reporting the results of a real property appraisal, an appraiser must communicate each analysis, opinion, and conclusion in a manner that is not misleading. STANDARD 2 addresses the content and level of information required in a report that communicates the results of the real property appraisal. STANDARD 2 does not dictate the form, format, or style of real property appraisal reports. The form, format, and style of the report are functions of the needs of intended users and appraisers. The substantive content of a report determines its compliance.

STANDARDS RULE 2-1

Each written or oral real property appraisal report must:

- (a) clearly and accurately set forth the appraisal in the manner that will not be misleading;*
- (b) contain sufficient information to enable the intended users of the appraisal to understand the report properly; and*
- (c) clearly and accurately disclose all assumptions, extraordinary assumptions, hypothetical conditions, and limiting conditions used in the assignment.*

STANDARDS RULE 2-2(a)

Each written real property appraisal report must be prepared under one of the following options and prominently state which option is used: Appraisal Report or Restricted Appraisal Report.

The content of an Appraisal Report must be consistent with the Intended Use of the appraisal and, at a minimum:

- (i) state the identity of the client, unless the client has specifically requested otherwise; state the identity of any intended users by name or type;*
- (ii) state the intended use of the appraisal;*
- (iii) summarize information sufficient to identify the real estate involved in the appraisal, including the physical, legal, and economic property characteristics relevant to the assignment;*
- (iv) state the real property interest appraised;*
- (v) state the type and definition of value and cite the source of the definition;*
- (vi) state the effective date of the appraisal and the date of the report;*
- (vii) summarize the scope of work used to develop the appraisal;*
- (viii) summarize the information analyzed, the appraisal methods and techniques employed, and the reasoning that supports the analyses, opinions, and conclusions; exclusion of the sales comparison approach, cost approach or income approach must be explained;*
- (ix) state the use of the real estate existing as of the date of value and the use of the real estate reflected in the appraisal;*
- (x) when an opinion of highest and best use was developed by the appraiser, summarize the support and rationale for that opinion;*
- (xi) clearly and conspicuously:
state all extraordinary assumptions and hypothetical conditions; and
state that their use might have affected the assignment results; and*
- (xii) include a signed certification in accordance with Standards Rule 2-3.*

475.611 Florida Statutes: Definitions.--

(1) As used in this part, the term:

- (a) "Appraisal" or "appraisal services" means the services provided by certified or licensed appraisers or registered trainee appraisers, and includes:
 - 1. "Appraisal assignment" denotes an engagement for which a person is employed or retained to act, or could be perceived by third parties or the public as acting, as an agent or a disinterested third party in rendering an unbiased analysis, opinion, review, or conclusion relating to the nature, quality, value, or utility of specified interests in, or aspects of, identified real property.
 - 2. "Analysis assignment" denotes appraisal services that relate to the employer's or client's individual needs or investment objectives and includes specialized marketing, financing, and feasibility studies as well as analyses, opinions, and conclusions given in connection with activities such as real estate brokerage, mortgage banking, real estate counseling, or real estate consulting.
 - 3. "Appraisal review assignment" denotes an engagement for which an appraiser is employed or retained to develop and communicate an opinion about the quality of another appraiser's appraisal, appraisal report, or work. An appraisal review may or may not contain the reviewing appraiser's opinion of value.
- (b) "Appraisal Foundation" or "foundation" means the Appraisal Foundation established on November 20, 1987, as a not-for-profit corporation under the laws of Illinois.
- (c) "Appraisal report" means any communication, written or oral, of an appraisal, appraisal review, appraisal consulting service, analysis, opinion, or conclusion relating to the nature, quality, value, or utility of a specified interest in, or aspect of, identified real property, and includes any report communicating an appraisal analysis, opinion, or conclusion of value, regardless of title. However, in order to be recognized in a federally related transaction, an appraisal report must be written.
- (d) "Appraisal review" means the act or process of developing and communicating an opinion about the quality of another appraiser's appraisal, appraisal report, or work.
- (e) "Appraisal subcommittee" means the designees of the heads of the federal financial institutions regulatory agencies established by the Federal Financial Institutions Examination Council Act of 1978 (12 U.S.C. ss. 3301 et seq.), as amended.
- (f) "Appraiser" means any person who is a registered trainee real estate appraiser, licensed real estate appraiser, or a certified real estate appraiser.

An appraiser renders a professional service and is a professional within the meaning of s. 95.11(4)(a).
- (g) "Board" means the Florida Real Estate Appraisal Board established under this section.
- (h) "Certified general appraiser" means a person who is certified by the department as qualified to issue appraisal reports for any type of real property.
- (i) "Certified residential appraiser" means a person who is certified by the department as qualified to issue appraisal reports for residential real property of one to four residential units, without regard to transaction value or complexity, or real property as may be authorized by federal regulation.
- (j) "Department" means the Department of Business and Professional Regulation.

CRA BOARD MEETING OF: July 10, 2018

OLD BUSINESS

AGENDA ITEM: 13.E.

SUBJECT:

Consideration and Discussion of the Letter Submitted by the Community Caring Center Boynton Beach, Inc. (CCC), for their property located at 145 NE 4th Ave, Boynton Beach, Florida

SUMMARY:

The Community Caring Center's (CCC) existing property and operation is located within the CRA's Cottage District Project site area and was appraised in April 2017 with a estimated market value of \$171,000 (see Attachment I). While the community outreach functions of the CCC are well received, the commercial nature of the activities provided by the Center create a less than ideal situation for neighboring residential uses. This conflicting, quasi-commercial use has been identified by staff and development professionals, as an obstacle to consumer appeal as a future residential redevelopment project if not relocated.

CRA staff has been working with Sherry Johnson, Executive Director of the CCC over the years to formulate a mutually beneficial acquisition and relocation plan for the CCC. On July 9, 2017, CRA staff received a letter from Ms. Johnson, outlining conceptual terms for the CRA's proposed acquisition of the CCC's existing property and financial conditions necessary for the redevelopment of a new facility. At that time, Ms. Johnson estimated construction costs of approximately \$785,000 to construct. At that time, their offering purchase price to the CRA was \$300,000 with an additional \$100,000 requested in financial assistance toward the construction of their new facility as well as providing the CRA owned relocation site for the sum \$10.00 (see Attachment II).

In January 2017, the CRA purchased the vacant lot located at the corner of NE 3rd Street and NE 9th Avenue, adjacent to two vacant lots owned by the City. According to City Planning and Development staff, combining these three lots would create a parcel large enough for the construction of a new two story, 9,000 square feet building facility and associated parking (see Attachment III). CRA staff and Ms. Johnson met on November 27, 2017 to discuss the status of the proposal and any issues with the site plan or financial terms. During the meeting, Ms. Johnson expressed her desire to explore the possibility of expanding the size of the originally proposed building to accommodate new programs being developed for the future of the CCC.

On June 18, 2018, the CRA's Director and Assistant Director attended the special meeting of the CCC's Board of Directors to discuss new details concerning the proposed construction budget, financial breakdown, size, capacity and timeline for development of the new facility. An email and costs breakdowns were sent to CRA staff on July 3, 2018 (see Attachment IV). The revised

project development budget shows an estimated total cost of construction to be \$2,033,925. The CCC has identified \$875,000 in funding sources and is requesting \$1,158,925 in CRA funding, \$750,000 for acquisition of their current property in FY 2018-2019 and \$408,925 as a site development grant in FY 2019-2020.

FISCAL IMPACT:

To be determined based on CRA board discussion and consideration.

CRA PLAN/PROJECT/PROGRAM:

2016 Boynton Beach Community Redevelopment Plan; Heart of Boynton District

CRAAB RECOMMENDATION:

Supports the purchase of the CCC property located at 145 NE 4th Ave and providing financial assistance to develop the new site at NE3rd/NE9th with CRA funding not to exceed \$400,000 from a combination of monies from the MLK Corridor and Property Acquisition line items budgeted in FY 17/18 Project Fund.

CRA BOARD OPTIONS:

To be determined based on CRA board discussion and consideration.

Dear Mr. Simon:

Thank you for allowing us to take some time to really look at this project and for the assistance you've provided helping to resolve our need to create a new campus that allows for CCC to continue to be a valuable resource to the community. To do that, CCC needs to double its current combined spaces of 5,135 sf to 10,270 sf. The project on the NE 9th Ave 3 parcels might be able to accommodate a 2-story, 9,000 sf structure due to required parking constraints. It would cost \$2,033,925. The CCC has identified potential sources of funding totaling \$875,000, leaving a gap of \$1,158,925 for the CRA's consideration. This could be funded through the acquisition of our existing property located at 145 NE 4th Ave, and other CRA site development resources budgeted over the next two fiscal years: FY 2018/19 and 2019/20.

Background

CCC is faced with having out grown both the CCC offices site (1635 sf), as well as, the business development & job training space (3500 sf). Not to mention, our lease for the incubator is going to expire, and the landlord is preparing to start building his project very soon. So, it is imperative that this project be able to solve space issues for both programs.

In the last year, we have obtained grants and contracts for senior meals, chronic meal plans, and job training programs. CCC is now a United Way funded organization with a 3-year chronic meals contract and CCC will be contracting with a major health care agency for a pilot program to provide chronic meals for renal failure patients. ***This one program utilizes both the talent of our incubator chefs and integrates hands on training and experience for our culinary food prep students.*** The program is at its infancy this year and will provide 20,000 meals for this one disease, however, there are plans for additional meal plans for other chronic diseases, like chemotherapy patients.

CCC requires enough space to accommodate 1) the growth of our small businesses and their ability to provide jobs; and 2) the continued expansion of our senior & chronic meals program. This includes the opportunity to incorporate job training classes to provide hands on experience, enhancing student's ability to seek employment.

Social Services: 145 NE 4th Ave, Boynton Beach, FL 33435

 561.364.9501 ext 25

Economic Dev: 410 E. Boynton Beach Blvd., Boynton Beach, FL 33435
 Tues thru Friday 11 am to 5 pm
 561.752.8598

Construction Stats

Our combined square footage is 5,135 for the incubator and offices. We need to try to double that to allow for future programmatic growth for the agency. We have been working with a site planner, Caulfield and Wheeler, Mr. Allan Hendricks. We believe that we can get the first floor footprint on the 3 lots you are offering on NE 9th to about 5,200 sf and then consider going up to a 2nd floor for another 3,800 sf which might be as large as we can go and provide for all the required parking that will be needed.

Looking at a site development of around 9,000 square feet, we obtained enough proposals to feel that the costs associated with the development this project would be approximately \$2M. I'm attaching a preliminary project proforma to this letter you can refer to.

TABLE: IDENTIFIED SOURCES OF PROJECT FUNDING

Site Development Costs:	\$2,033,925		
Funding Sources:			
CCC Fundraising/Capital Campaign		\$250,000	
1 st Presby Delray		\$100,000	
Lost Tree		\$100,000	
Lattner		\$100,000	
JMoran		\$ 50,000	
Kresge		\$100,000	
NY Comm Bank		\$ 75,000	
Others		\$100,000	
CCC Resources:		\$875,000	
GAP	\$2,033,925 less	\$875,000 =	\$1,158,925
CRA purchase of CCC Property			\$ 750,000
CRA Site Development Grant			\$ 250,000
Additional funding short fall			\$ 258,925

NOTES: Should our fundraising or grant applications not produce desired amounts, CCC has a \$300,000 mortgage capacity.

We are requesting that the CRA look at the \$1,158,925 gap in financing as a multi-year commitment to the development of our new Small Business Development and Job Training Center. This could be budgeted over 2 consecutive years: FY 2018/19 \$750,000 & FY 2019/20 \$508,925. Things to consider would be items in the development of the site that could be paid by you like unification of title, alley abandonment, sidewalks, on street improvements, lighting, soil borings, surveys, and soil reports that we might be required as a developer to provide and possibly site development grants for things like engineering drawings, architecture, permitting costs, FPL fees, etc.

Sincerely,

Sherry Johnson

Sherry Johnson, Executive Director

NOTES: Should our fundraising or grant applications not produce desired amounts, CCC has a \$300,000 mortgage capacity.

We are requesting that the CRA look at the \$1,158,925 gap in financing as a multi-year commitment to the development of our new Small Business Development and Job Training Center. This could be budgeted over 2 consecutive years: FY 2018/19 \$750,000 & FY 2019/20 \$508,925. Things to consider would be items in the development of the site that could be paid by you like unification of title, alley abandonment, sidewalks, on street improvements, lighting, soil borings, surveys, and soil reports that we might be required as a developer to provide and possibly site development grants for things like engineering drawings, architecture, permitting costs, FPL fees, etc.

Sincerely,

Sherry Johnson

Sherry Johnson, Executive Director

RE: Sale of Property located at 145 NE 4th Ave and the disposition of the CRA's 3 lots at NE 3rd St and NE 9th Ave

Dear Mr. Simon:

The Community Caring Center held their board meeting on September 25, 2018. It was decided that we needed to develop the new community caring center campus in at least 2 phases. It may take a substantial amount of time to be able to get to the 2nd phase. So, for the purposes of this discussion, Phase 1 will include a 5,500 to 6,000 sq. ft commercial kitchen that can accommodate our culinary business development and job training programs, better known as the Secret Garden. We would like to rent back from the CRA for \$10 per year, the building located at 145 NE 4th Ave for as long as possible until the development of the site requires it be vacated. We are approaching several churches for office relocation. We feel that it is much easier & less expensive to rent office space for social services, than find a commercial kitchen for our economic development programs.

The CCC is asking \$550,000 NET plus the 3 lots on NE 9th Ave. The NET SALE would require the CRA to pay all closing costs fees, documentary stamps, legal costs, etc. associated with the sale/purchase and disposition of CCC and CRA properties. CRA property to be delivered with unity of title, alley abandonments completed, surveys, and any copies of engineering, soil, and/or appraisals that have been completed to assist with permits and mortgage applications. This price would include costs associated with relocation of both the CRA and the Secret Garden equipment, furniture, and storage fees. CCC requests a simultaneous closing to convey title to our property and your 3 lots on NE 9th Avenue.

Sincerely,

Sherry Johnson

Attachments: CCC Bldg Financial Structure.pdf

No

Staff made it clear that there would not be a grant available for site development so what we are really saying is:

the property is for sale at \$550,000 plus possession of the 3 lots on NE 9th and want to lease back the building for as long as possible 1 or 2 years until the demolition crew shows up, just give up a few months notice
it would be nice if it were by the time the library moves out of the Congregational Church Bldg, that would be perfect to rent until we get the 2nd floor done or identify a permanent location for social services. Maybe, be able to acquire the Lyon's church property before we build a second floor

It may be easier to do two separate proposals 1) sale of our property yes or no
2) Dispose of NE 9th property to CCC -

make it a clean a possible

The big deal for us is securing the commercial kitchen location before we loose the secret garden space with increased downtown development
Offices space can always be found for social services, so if it take 10 years to get to the 2nd floor that will work for us
also, it is much easier as I have learned from previous meetings and discussions that to keep the site completely focused on
economic development, we stand a much greater chance of gaining your support.....

we will:

- 1) take care of relocation expenses for each location as we need to do it, etc
- 2) spend the money all on the construction of the first phase the Culinary Business Development and Job Training Center
- 3) leverage the funds for whatever grants are needed for phase 1
- 4) pay for any costs related to the acquisition of the 3 properties
- 5) provide everything you request for site plan approval

and closing is contingent upon possession of the 3 lots
it will be a simultaneous transfer of property
clean and simple - I really hope that this strategy will work better for both of us

BUT, Mike I'm opened to your lead on this

Funding sources for the 5,500 sf \$1.2 Phase 2 project

- \$ 550,000 - Sale of CCC Property
- \$ 250,000 - CCC Capital Campaign
- \$ 50,000 - Lattner Foundation Challenge Grant
- \$ 50,000 - Lost Tree Village Challenge Grant
- \$ 100,000 - 1st Presbyterian - Delray
- \$ 30,000 - United Way PBC
- \$ 25,000 - Blum Fnd
- \$ 60,000 - Jim Moran Fnd
- \$ 175,000 - Kresge Foundation
- \$1,200,000**

AmTrust Account has recently been set up for our Capital Campaign, we will begin 2019, team is being identified and will be lead by Nancy Flinn and have identified possibilities of donations for at least \$125,000 already Grant strategy is in place, we have already discussed challenge grants with Lattner, 1st Presbyterian, United Way and Jim Moran, will begin to approach Lost Tree, will be setting appointment with Kresge Foundation on the 25th

Should any grant applications or capital campaign fail to be awarded, then CCC currently pays \$4,600 month in rent, at current interest rates we can provide a commitment from TD Bank, AmTrust or PNC for \$300,000 mortgage - all three want to participate with us

we also have a \$100,000 line of credit which is going up to \$150,000 due to the fact that our 1) reimbursement contracts are increasing as well as the increase in the amounts of the contracts.

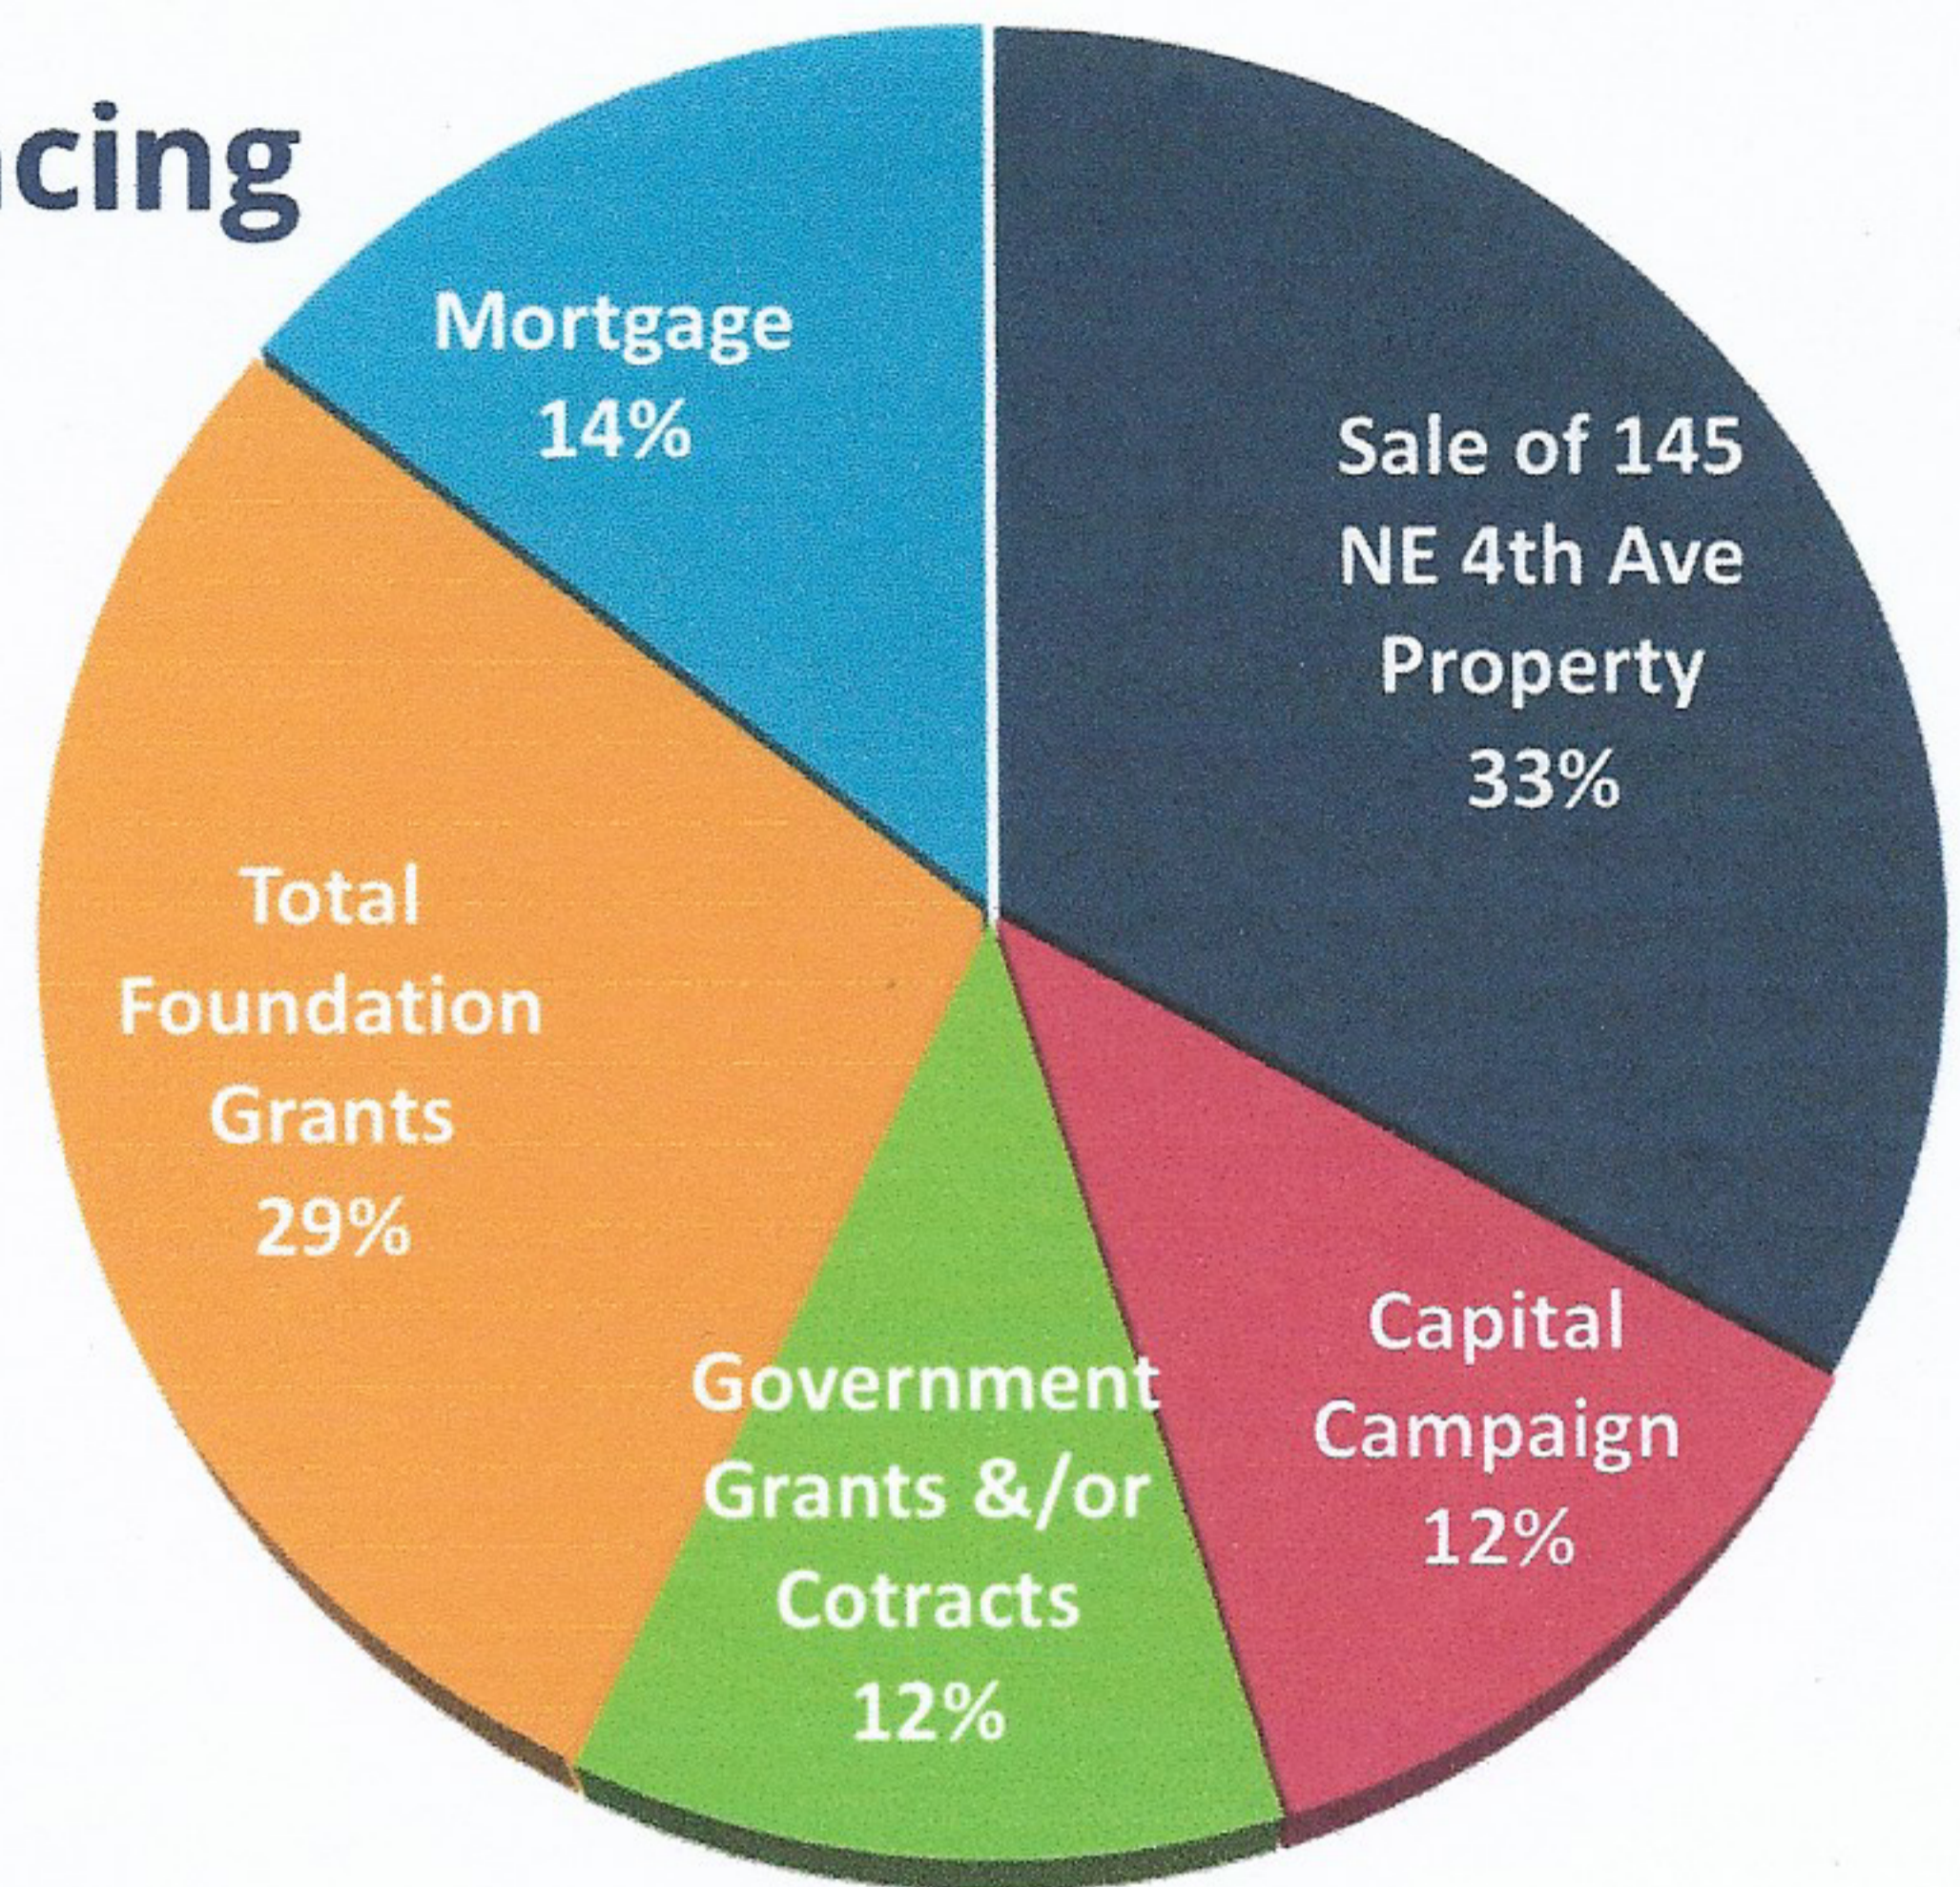

If all grants are awarded, all capital campaign activity be success, and no mortgage be required we are well on our way to the 2nd floor 3,500 sq office floor or the purchase of the church property to the front

Capital Campaign Kick-off!

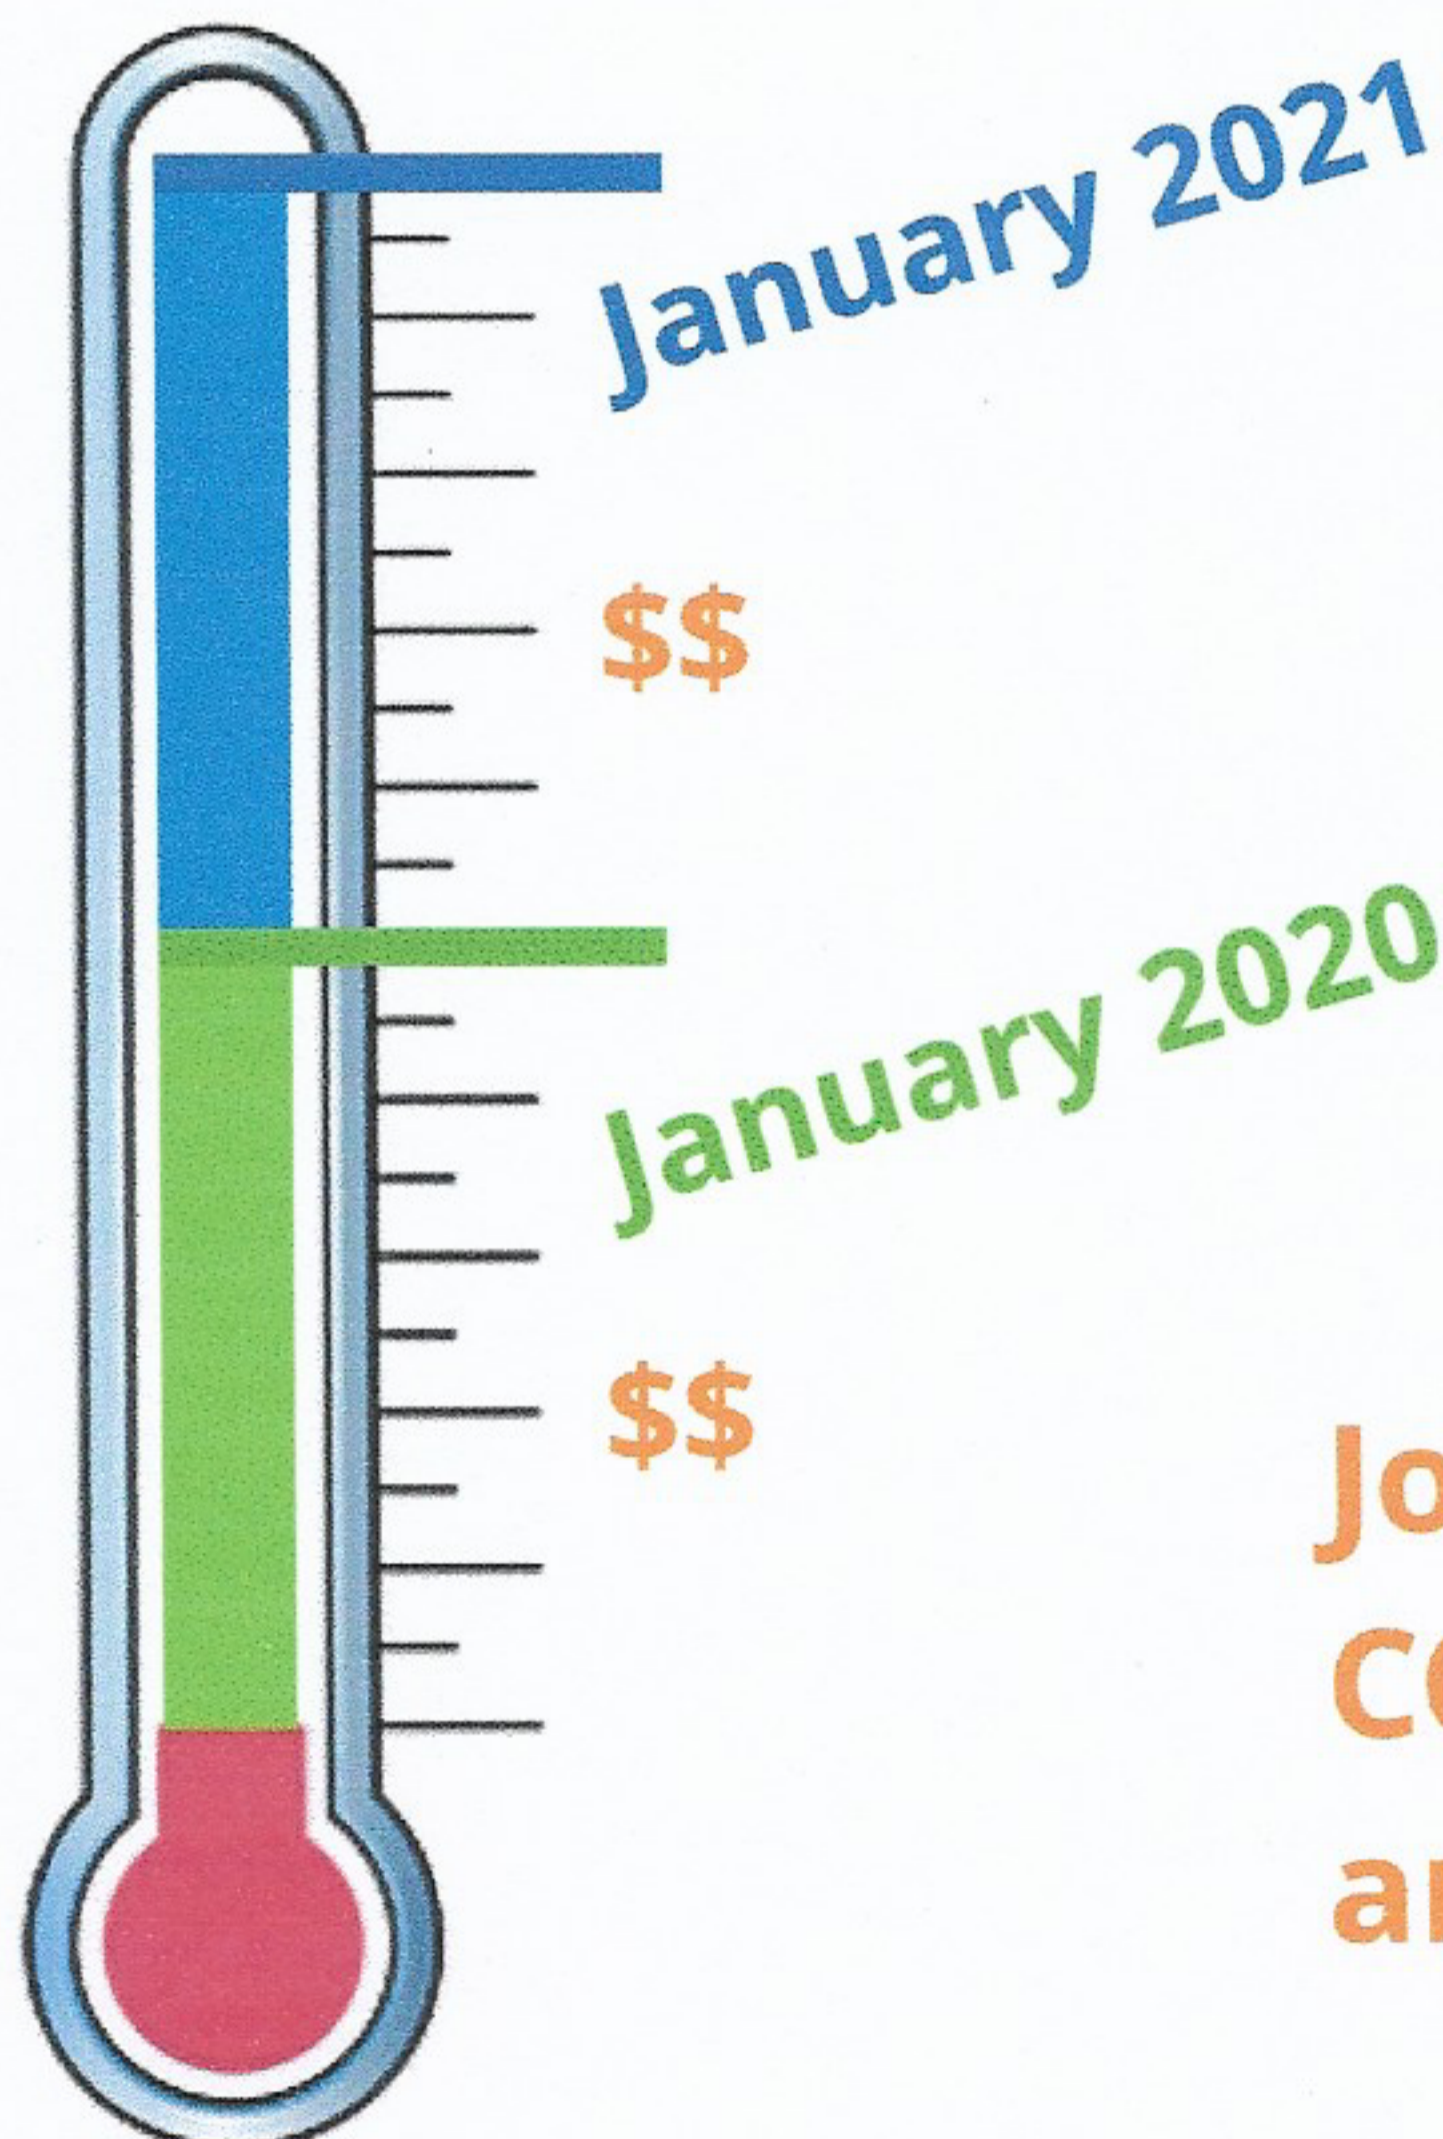

JANUARY 2019!

Anticipated Financing Structure

Fundraising Schedule

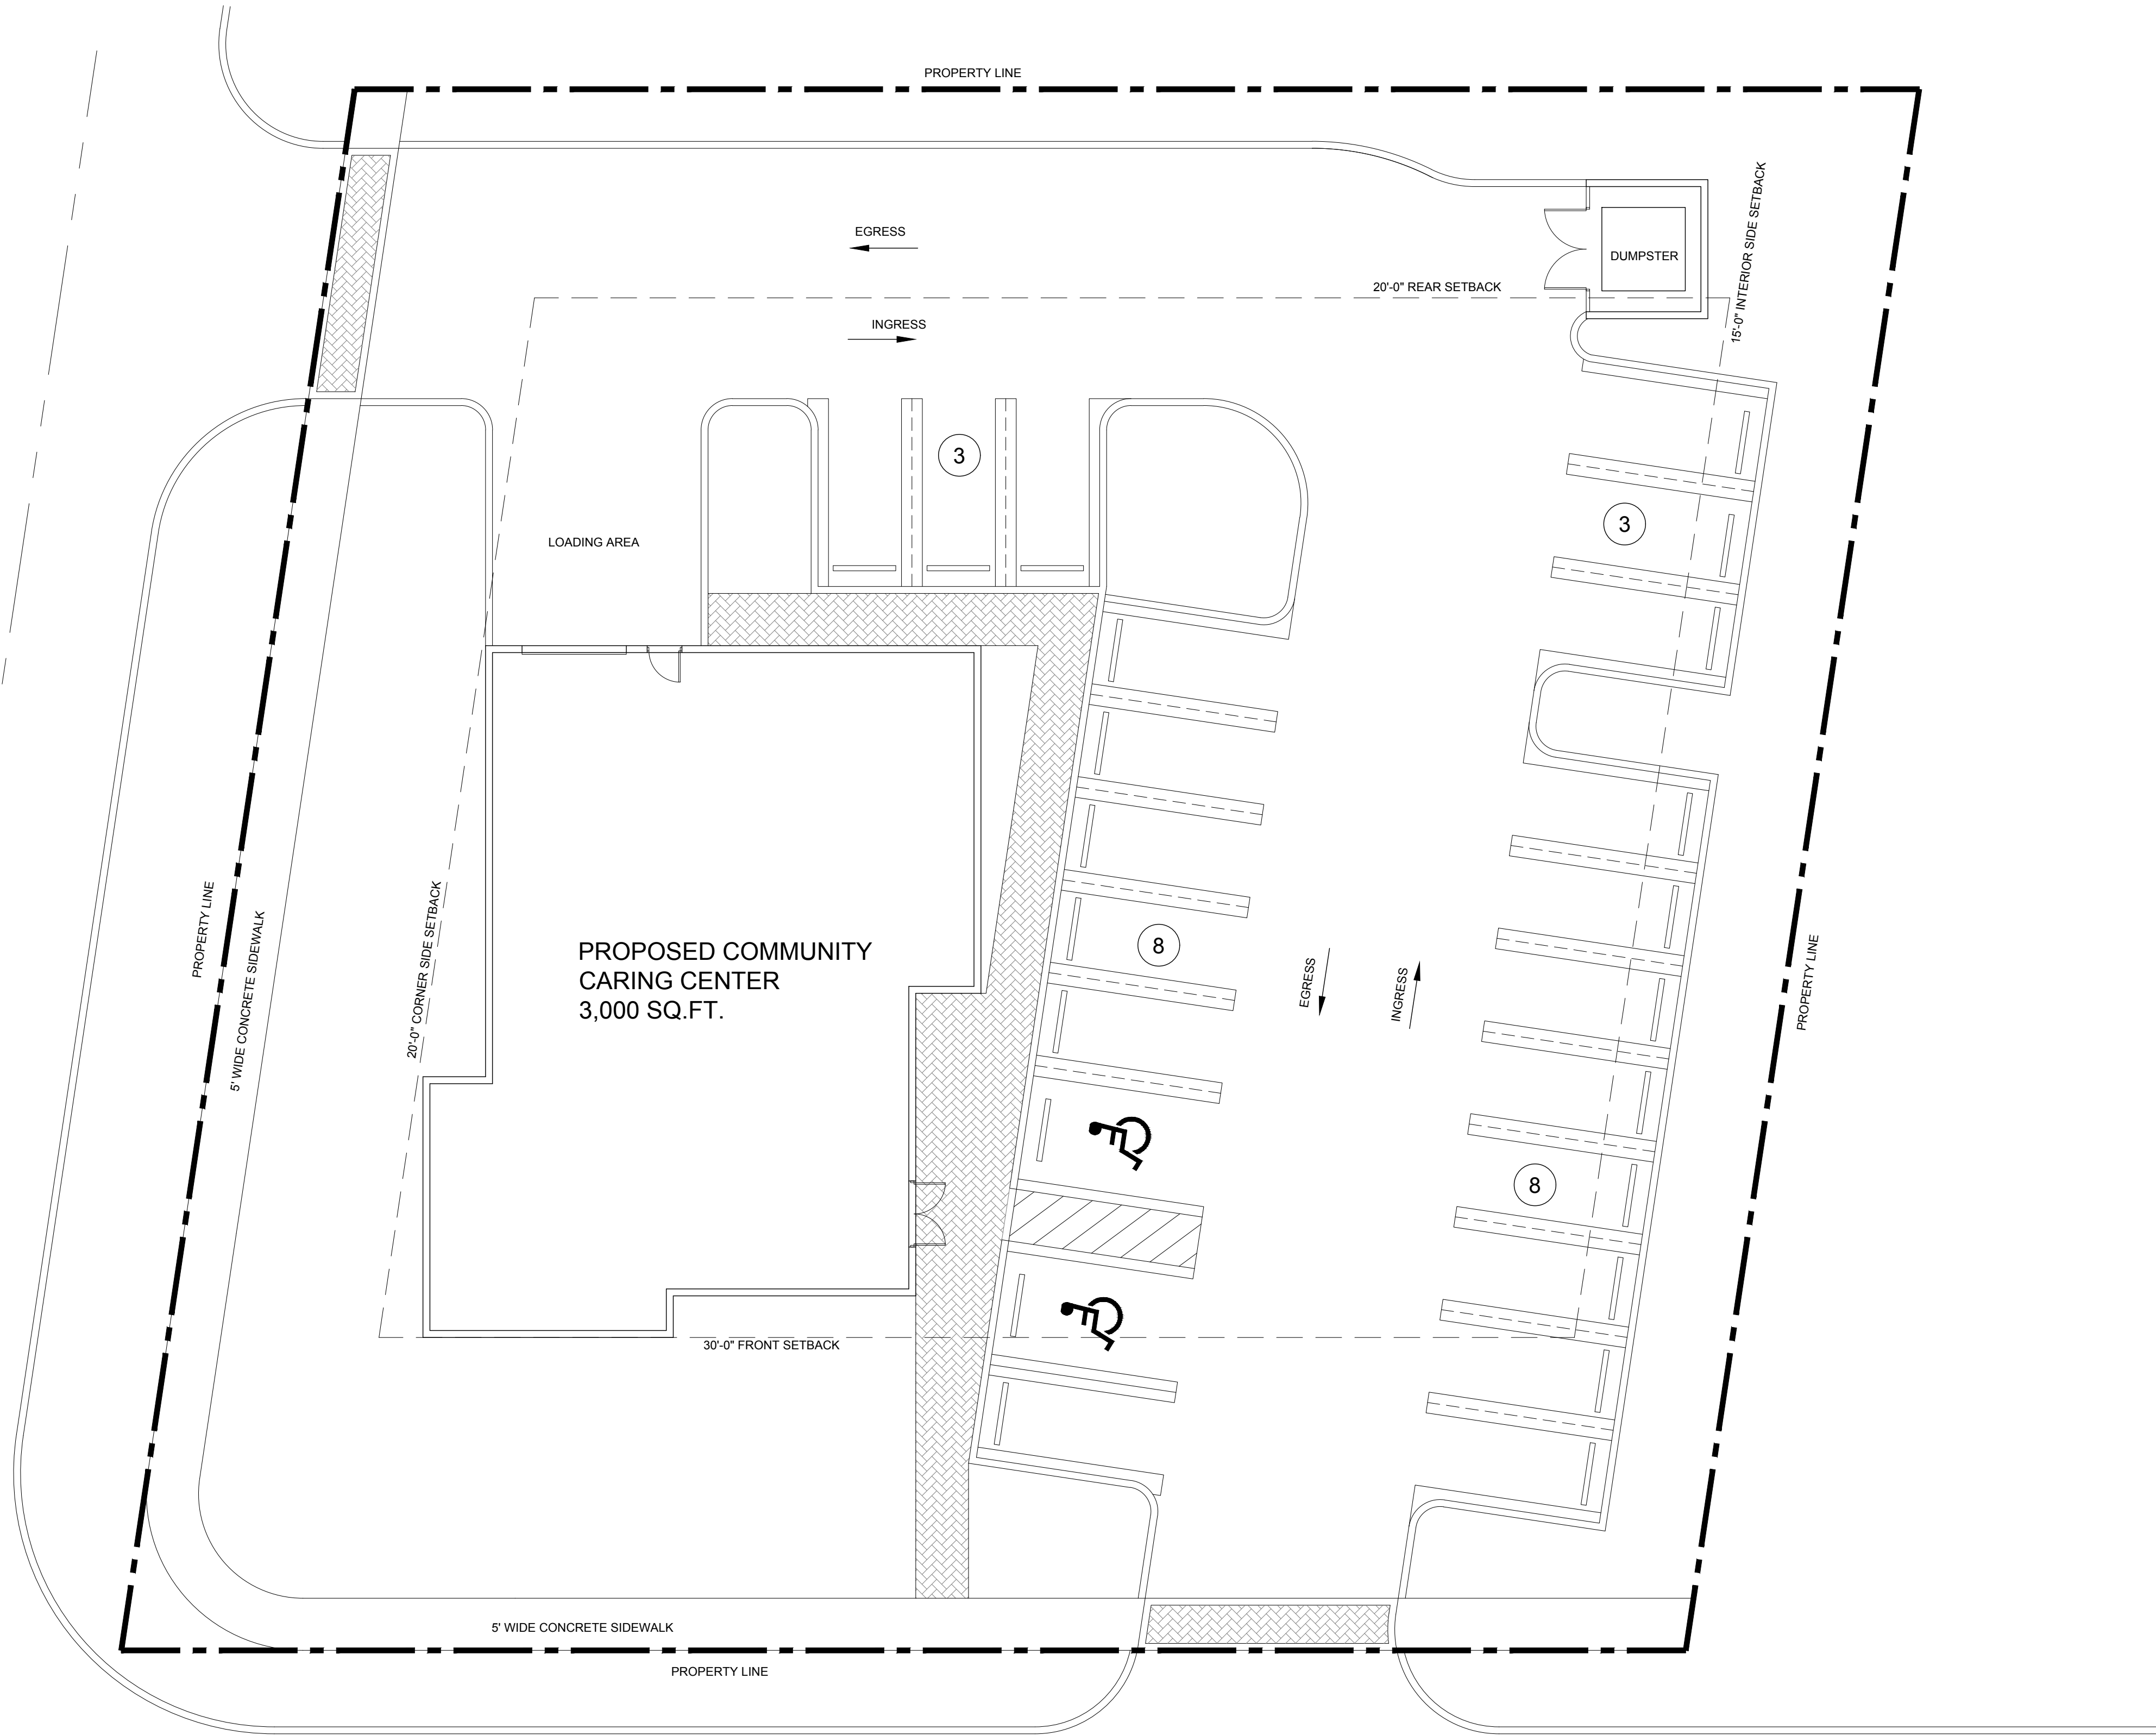

\$250,000 Goal!
