Mr. Thuy Shutt, Assistant Director
Boynton Beach Community Redevelopment Agency
710 N Federal Highway
Boynton Beach, FL 33435

Subject: Federal Lands Access Program (FLAP)
Boynton Beach Boulevard Complete Streets (FL 23)

Dear Mr. Shutt:

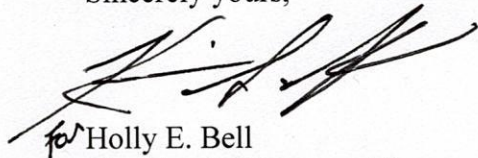

We are pleased to inform you that the project proposal for the Boynton Beach Boulevard Complete Streets (FL 23) submitted under the Federal Fiscal Year (FY) 2019-2022 FLAP call for projects, has been recommended for programming by the members of the Florida Programming Decisions Committee (PDC) subject to the availability of funding. This project is tentatively programmed for the full amount requested in your application, with delivery by the Florida Department of Transportation. Funding is programmed for Preliminary Engineering work in FY 2021. Please note that funding beyond FY 2020 is subject to the availability of funds and is contingent on reauthorization of the Access Program by Congress.

The next step in the process is for the Eastern Federal Lands Highway Division (EFLHD) to coordinate and develop a project Memorandum of Agreement (MOA) with the Federal, State and local agency partners. The project MOA will indicate the project delivery method, FLAP funding limits, other funding sources, if applicable, and the match requirement for your project. The MOA will also define the specific roles and responsibilities of each of the agreement signatories, a proposed schedule for project development and the necessary stewardship and oversight activities.

Please complete the attached FLAP Agreement Worksheet and provide to the FLAP Programs Team at EFLAccessProgram@dot.gov within 30 business days following your receipt of this letter. This will aid EFLHD in scheduling the start of the MOA development process. Ms. Jacinda Russell, Access Program Manager, or another member of the Programs team, will be contacting you to initiate the development of the formal MOA document.

We look forward to working closely with your agency to implement a successful project. If you have any questions, please feel free to contact Ms. Russell at 571-434-1543 or Jacinda.Russell@dot.gov or Mr. Edward Starks at 703-948-1446 or Edward.Starks@dot.gov.

Sincerely yours,

Holly E. Bell
Planning & Programs Manager
